SENATE HOUSE,
The 28th May 1885.

W. GRIFFITHS,
Registrar.

THE Calcutta Medical College Session 1884-85 will commence on the 23rd June next Students who may be desirous of commencing their studies are requested to apply to the Principal between the hours of 11 A.M. and 4 P.M. on or before that date.

2. Ten (10) free presentations will then be awarded. These are given to students according to their relative position in the University B.A., B.L., and F.A. Examinations, preference being given to those who have passed the highest examination.

3. No person shall be enrolled as matriculated students of the College who has not previously passed the First Arts Examination of the Calcutta University, or some one of the preliminary Arts Examination of the United Kingdom recognized by the British General Medical Council.

4. All matriculated students of the College are required to pay Rs. 15 on entrance, Rs. 30 for the summer session on the 23rd June, and Rs. 30 for the winter session on 1st November of each year.

5. Students who have failed to pass their final examination and who, under the regulations of the University, are required to attend a further course of lectures and of hospital practice before being allowed to present themselves again for examination, will pay for such further course an annual fee of Rs. 45 in two instalments of Rs. 30 and Rs. 15, payable at the beginning of the summer and winter sessions respectively.

6. Any matriculated student of the College may, with the permission of the Principal and the Professors of the subject, attend courses of lectures or departments of hospital practice in addition to the full curriculum for the year, and he shall be entitled to certificates of attendance at such extra lectures, if the Professor is satisfied that he has really studied the subject. The fees payable in advance for such additional courses are the following :—

	Rs.
For a single course of lectures on each subject	40
For six months' attendance in each department of hospital practice ...	60

7. Any matriculated student who leaves the College before completing his University course with the object of continuing his studies at a Medical School in Europe may receive certificates of attendance at lectures on payment of fees at the rate fixed in the foregoing rule. But in calculating the sum to be so paid, the amount of the fees already paid by him as a regular student, or, in the case of a free student, the amount which would have been paid by him had he been a paying student, shall be deducted.

8. Any person [illegible] being a matriculated student of the College who may be desirous of attending any cour[illegible]res or any department of hospital practice may do so with the permission of the Pri[illegible] and Professor of the subject, on payment, in advance, of fees at the rates fixed in rule 6.

If such student has passed the Entrance Examination of the University, he may receive certificates of attendance at lectures, provided the Professors are satisfied that he has attended the full course of lectures, and has mastered the subjects taught.

A student who has not passed the Entrance Examination will be entitled to no certificates of any kind.

9. College scholarships, prizes, and certificates of Honour are open for competition only to matriculated students of the College Hospital apprentice class and Female Certificate class.

10. No fees are payable by the holders of the Calcutta Medical College scholarships.

The holders of the Doorga Charan Laha and all other scholarships will be required to pay fees as a matriculated student. These scholars may pay their fees in advance, or have their scholarship money deducted till the full amount is received.

11. Any student holding a Medical College scholarship will be permitted to draw the stipend of the said scholarship at any recognized Medical School in the United Kingdom, provided he furnishes from the head of such school a certificate of good conduct and diligent prosecution of his studies.

12. The offices of class assistant, clinical clerk, dressers, &c., can be held only by students whose names are on the rolls of the College.

THE LIBRARY.

This institution has been established, at the desire and with the assistance of the Punjab Government, in order to provide a Public Library for the use of all classes in the province.

Admission to the Reading-Room is free; and books will be lent out subject to rules and subscriptions, which can be ascertained on application to the Librarian.

A large contribution of books and pecuniary support have been promised by Government; but the Committee earnestly appeal to the public for further contributions of books, both European and Oriental.

Privileges will be given to donors of twenty volumes and upwards.

Until the library is formally opened, a private donation of standard works, accepted by the Committee and valued by them as worth not less than Rs. 50, will entitle the donor to the privileges of life member. A second donation of the same value will entitle the donor to nominate a life member.

Life members will be exempt from payment of *deposits*, subscriptions and fees otherwise required by the rules.

Assistance is especially desired towards securing a complete collection of books relating to India and the East.

Societies, Institutions, and Departments of Government are invited to contribute.

Donors of books may make it a condition of the donation that any of the books they give shall not be lent out, except to the Donor.

Communications should be addressed to——The Secretary, Punjab Public Library, Lahore.

The following revised advertisement is published in substitution of that which appeared at page 1084, Part II of the *Calcutta Gazette* of the 9th July 1884 :—

PART III.

Act of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

[Second Publication.]

THE following Act passed by the Lieutenant-Governor of Bengal in Council, received the assent of His Honor on the 6th April 1885, and having received the assent of His Excellency the Governor-General on the 15th May 1885, is hereby published for general information:—

ACT No. I OF 1885.

An Act to regulate Ferries in Bengal.

Preamble.

WHEREAS it is expedient to regulate Ferries within the territories subject to the Lieutenant-Governor of Bengal: It is enacted as follows:—

Preliminary.

Short title.

1. This Act may be called the "Bengal Ferries Act, 1885."

Extent and commencement of Act.

2. It shall extend to all the territories subject to the Lieutenant-Governor of Bengal:

And it shall come into force on such date as the Lieutenant-Governor may, by notification in the *Calcutta Gazette*, appoint in this behalf.

Regulation VI of 1819 and Bengal Act I of 1866 repealed.

3. Regulation VI of 1819 and Bengal Act I of 1866 are hereby repealed; but all determinations, declarations, orders, and rules made, engagements entered into, and securities taken, under such Regulation and Act shall be deemed to be respectively made, entered into and taken under this Act.

Act not to apply to municipal ferries.

4. Nothing in this Act contained shall apply to any ferry deemed or declared to be a municipal ferry under the provisions of the Bengal Municipal Act, 1884.

Interpretation.

5. In this Act, unless there be something repugnant in the subject or context,—

"Commissioner." "Commissioner" means the Commissioner of a Division.

"Ferry." "Ferry" includes a bridge of boats, pontoons or rafts, a swing-bridge, a flying-bridge, a temporary bridge, and a landing stage.

"Notification." "Notification" means a notification published in the *Calcutta Gazette*.

"Private ferries." "Private Ferries" includes all ferries other than those declared to be public ferries, or established as such, under section six of this Act.

PART I.

PUBLIC FERRIES.

Power to declare, establish, define, and discontinue public ferries.

6. It shall be lawful for the Lieutenant-Governor from time to time to—

(*a*) declare what ferries shall be deemed public ferries, and the respective districts in which, for the purposes of this Act, they shall be deemed to be situate;

(*b*) take possession of a private ferry and declare it to be a public ferry;

(*c*) establish new public ferries where, in his opinion, they are needed;

(*d*) define the limits of any public ferry;

(*e*) change the course of any public ferry, and

(*f*) discontinue any public ferry which he deems unnecessary.

Every such declaration, establishment, definition, change or discontinuance, shall be made by notification:

Provided that, when any alteration in the course or in the limits of a public ferry is rendered necessary by changes in the river on which such ferry is established, such alteration may be made, by an order in writing, by the Magistrate of the District.

Control of public ferries vested in the Magistrate of the District.

7. The control of all public ferries shall be vested in the Magistrate of the District, subject to the direction of the Commissioner.

Superintendence of public ferries.

8. The immediate superintendence of every public ferry shall be vested in the Magistrate of the District in which such ferry is situated, or in such other officer as the Lieutenant-Governor may, from time to time, either by name or by official designation appoint.

And such Magistrate or officer shall, except when the tolls at such ferry are leased, make all necessary arrangements for the supply of boats for such ferry, and for the collection of the authorized tolls leviable thereat.

Ferry-tolls may be leased by auction.

9. The tolls of any public ferry may, from time to time, be leased by public auction for such term as the Magistrate of the District in which such ferry is situated may, with the approval of the Commissioner, direct.

The Magistrate of the District or the officer authorized by him to conduct such auction may, for sufficient reason to be recorded in writing, refuse to accept the offer of the highest bidder, and may accept any other bid, or may withdraw the tolls from auction.

Execution of contract by lessee.

The lessee of the tolls of every ferry which have been leased under this section shall execute a contract setting forth the conditions on which the tolls of such ferry are to be held, and shall give security for its due fulfilment.

Lessee of the tolls of a public ferry and his servants bound to conform to rules.

10. When the tolls of a public ferry have been duly leased, the lessee and every servant of the lessee shall be deemed to be legally bound to conform to the rules made under this Act for the management and control of such ferry.

Provision for the establishment of subsidiary ferries.

11. On the requisition of the Magistrate of the District the person in charge of a public ferry situate in such district shall maintain at one or more places, in addition to the place at which the said public ferry is established, and within two miles therefrom, such number of subsidiary ferries as may seem to the Magistrate to be necessary for the public convenience: and all the provisions contained in this Act in regard to the management and control of public ferries shall be deemed applicable to any subsidiary ferry maintained under the requisition of the Magistrate.

Recovery of arrears from lessee.

12. All arrears due by the lessee of the tolls of a public ferry on account of his lease;

any pecuniary forfeiture for breach of contract inserted in the deed of contract or conditions of sale by public auction; and

all sums due from the lessee on the surrender of his lease under section fourteen,

may be recovered from the lessee or his surety (if any) as a demand under Bengal Act VII of 1880, or any other Act at the time being in force for the recovery of public demands.

Power to cancel lease.

13. The lease of the tolls of any public ferry shall be liable to be cancelled at once by the Magistrate of the District in which such ferry is situated if it shall appear to such Magistrate that the lessee has failed to make due provision for the convenience or safety of the public within fifteen days after being required to do so by a notice in writing from such Magistrate.

Surrender of lease.

14. The lessee of the tolls of a public ferry may surrender his lease on the expiration of one month's notice in writing to the Magistrate of the District in which such ferry is situated of his intention to surrender such lease, and on payment of such reasonable compensation as the Magistrate may, with the approval of the Commissioner, in each case direct.

Power to make rules in regard to public ferries.

15. The Magistrate of the District, with the approval of the Commissioner, may, from time to time, make rules consistent with this Act—

(*a*) for the management of all public ferries within such district, and for regulating the traffic at such ferries;

(*b*) for regulating the time and manner at and in which, the terms on which, and the person by whom, the tolls of such ferries may be leased by auction;

(*c*) for compensating persons who have compounded for tolls payable for the use of any such ferry when such ferry has been discontinued before the expiration of the period compounded for, and

(*d*) generally to carry out the purposes of this Act:

And when the tolls of a ferry have been leased under section nine, such Magistrate may, from time to time with such approval as aforesaid, make additional rules consistent with this Act—

(*e*) for collecting the rents payable for the tolls of such ferries;

(*f*) for regulating the returns of traffic to be, from time to time, submitted by the lessee of such ferries;

(*g*) in cases in which the communication is to be established by means of a bridge of boats, pontoons or rafts, or a swing-bridge, flying-bridge or temporary bridge, for regulating the time and manner at and in which such bridge shall be constructed and maintained, and opened for the passage of vessels and rafts through the same, and

(*h*) in cases in which the traffic is conveyed in boats, for regulating

the number and kinds of such boats and their dimensions and equipment;

the number of the crew to be kept by the lessee for each boat;

the maintenance of such boats in good condition;

the hours during which, and the intervals within which, the lessee shall be bound to ply, and

the number of passengers, animals and vehicles, and the bulk and weight of other things that may be carried in each kind of boat at one trip.

And may, from time to time, with such approval as aforesaid, repeal or alter such rules.

Rules made under this section shall be subject to the control of the Lieutenant-Governor, and shall be published in the *Calcutta Gazette* in such manner as the Lieutenant-Governor directs, and shall thereupon have the force of law.

Private ferry not to ply within two miles of public ferry without sanction.

16. No person shall, except with the sanction of the Magistrate of the District, maintain a ferry to or from any point within a distance of two miles from the limits of a public ferry:

Provided that in the case of any specified public ferry, the Lieutenant-Governor may, by notification, reduce or increase the said distance of two miles to such extent as he thinks fit:

Provided also that nothing hereinbefore contained shall prevent persons keeping boats to ply between two places, one of which is without, and one within, the said limits, when the distance between such two places is not less than three miles, or shall apply to boats which the Magistrate of the District expressly exempts from the operation of this section.

Claims for compensation, and what amount to be awarded.

17. Claims for compensation for any loss sustained by any person in consequence of a private ferry being taken possession of or a new public ferry, or subsidiary ferry, being established under section six or section eleven, shall be enquired into by the Magistrate of the District in which such ferry is situated, who shall, with the approval of the Commissioner, award compensation to any person who may appear justly entitled thereto. Such compensation shall be calculated upon an estimate of the annual net profit actually realized by such person from such ferry on an average of the five years next preceding such declaration, and shall in no case exceed the amount of fifteen times such net annual profit.

Tolls.

18. Tolls, according to such rates as may, from time to time, be fixed by the Magistrate of the District with the approval of the Commissioner, shall be levied on all persons, animals, vehicles, and other things crossing any river by a public ferry and not employed or transmitted on the public service:

Provided that the Lieutenant-Governor may, from time to time, declare that any persons, animals, vehicles or other things shall be exempt from payment of such tolls

Where the tolls of a ferry have been leased under section nine, any such declaration, if made after the date of the auction, shall entitle the lessee to such abatement of the rent, payable in respect of the tolls as may be fixed by the Magistrate of the District under this section.

Table of tolls.

19. The lessee or other person authorized to collect the tolls of any public ferry shall affix a table of such tolls, legibly written or printed in the vernacular language, and also, if the Commissioner so directs, in English, in some conspicuous place near the ferry:

List of tolls.

and shall be bound to produce, on demand, a list of the tolls signed by the Magistrate of the District or such other officer as he appoints in this behalf.

Tolls, rents, compensation, and fines how to be appropriated.

20. Except as provided by section thirty-five all tolls, rents, and compensation received by, or on behalf of, the Government, and all fines levied under this Act, shall be appropriated in the first instance towards the payment of all charges incurred in carrying out the provisions of this Act, and the surplus, if any, shall be credited to such fund as the Lieutenant-Governor may from time to time direct.

Compounding for tolls.

21. It shall be lawful for the Magistrate of the District in which a public ferry is situated, with the approval of the Commissioner, from time to time to fix rates at which any person may compound for the tolls payable for the use of such ferry.

PART II.

PRIVATE FERRIES.

Power to make rules in regard to private ferries.

22. The Commissioner may from time to time make rules, consistent with this Act, for the maintenance of order, and for the safety of passengers and property at private ferries situated in his division.

Rules made under this section shall be subject to the control of the Lieutenant-Governor, and shall be published in the *Calcutta Gazette* in such manner as the Lieutenant-Governor directs, and shall thereupon have the force of law.

PART III.

PENALTIES AND CRIMINAL PROCEDURE.

Penalty for breach of provisions as to table of tolls, list of tolls, and return of traffic.

23. Every lessee or other person authorised to collect the tolls of a public ferry, who neglects to affix and keep in good order and repair the table of tolls mentioned in section nineteen,

or who wilfully removes, alters or defaces such table, or allows it to become illegible,

or who fails to produce on demand the list of the tolls mentioned in section nineteen,

and every lessee who neglects to furnish any return required under section fifteen,

shall be punished with fine which may extend to fifty rupees.

Penalty for taking unauthorised toll, and for causing delay.

24. Every such lessee or other person as aforesaid asking or taking more than the lawful toll, or without due cause delaying any person, animal, vehicle or other thing, shall be punished with fine which may extend to one hundred rupees

Penalty for breach of rules made under sections 15 and 22.

25. Every person breaking any rule made under section fifteen or section twenty-two shall be punished with imprisonment for a term which may extend to three months, or with fine which may extend to two hundred rupees, or with both.

Cancelment of lease on default or breach of rules.

26. When any lessee of the tolls of a public ferry makes default in the payment of the rent payable in respect of such tolls, or has been convicted of an

offence under section twenty-five, or, having been convicted of an offence under section twenty-three or section twenty-four, is again convicted of an offence under either of those sections,

the Magistrate of the District may, with the approval of the Commissioner, cancel the lease of the tolls of such ferry, and make other arrangements for its management during the whole or any part of the term for which the tolls were leased.

Penalties on passengers offending.

27. Every person crossing by any public ferry who refuses to pay the proper toll; and every person—

who, with intent to avoid payment of such toll, fraudulently or forcibly crosses by any such ferry without paying the toll, or

who obstructs any toll-collector or lessee of the tolls of a public ferry, or any of his assistants, in any way in the execution of their duty under this Act, or

who, after being warned by any such toll-collector, lessee or assistant not to do so, goes, or takes any animals, vehicles or other things, into any ferry-boat, or upon any bridge at such a ferry, which is in such a state or so loaded as to endanger human life or property, or

who refuses or neglects to leave, or remove any animals, vehicles or goods from any such ferry-boat or bridge on being requested by such toll-collector, lessee or assistant to do so, or

who moors any boat, raft, or other substance to, or in any way obstructs, any part of a public ferry,

shall be punished with fine which may extend to fifty rupees.

Penalty for plying within public ferry-course without license.

28. Whoever conveys for hire any passenger, animal, vehicle or other thing in contravention of the provisions of section sixteen shall be punished with fine which may extend to fifty rupees.

Fines payable to lessee.

29. Where the tolls of any public ferry have been leased under the provisions hereinbefore contained, the whole or any portion of any fine realized under section twenty-seven or section twenty-eight may, notwithstanding anything contained in section twenty, be, at the discretion of the convicting Magistrate or Bench of Magistrates, paid to the lessee.

Penalty for rash navigation and stacking of timber.

30. Whoever navigates, anchors, moors or fastens any vessel or raft, or stacks any timber, in a manner so rash or negligent as to damage a public ferry, shall be punished with imprisonment for a term which may extend to three months, or with fine which may extend to five hundred rupees, or with both; and the toll-collector or lessee of the tolls of such ferry, or any of his assistants, may seize and detain such vessel, raft or timber pending the enquiry and assessment hereinafter mentioned.

Power to arrest without warrant.

31. The Police may arrest without warrant any person committing an offence against section twenty-seven or section thirty.

Magistrate may assess damage done by offender.

32. Every Magistrate or Bench of Magistrates trying any offence under this Act may enquire into and assess the value of the damage (if any) done or caused by the offender to the ferry concerned, and shall order the amount of such value to be paid by him in addition to any fine imposed upon him under this Act; and the amount so ordered to be paid shall be leviable as if it were a fine, or when the offence is one under section thirty by the sale of the vessel, raft or timber causing the damage, and of anything found in or upon such vessel or raft.

The Commissioner may, on the appeal of any person deeming himself aggrieved by an order under this section, reduce or remit the amount payable under such order.

PART IV.

MISCELLANEOUS.

Power to take possession of boats and other appliances on surrender or cancellation of lease.

33. On the cancelment or surrender of a lease, the Magistrate of the District may take possession of all boats and other appliances which have been used by the lessee in the working of the ferry; and may either retain the same permanently on payment of a fair price to the proprietor, or may retain them for such time as may be necessary, not exceeding three months, until he can make arrangements for such other boats and appliances as may be necessary, in which case the Magistrate of the District shall pay a fair sum to the owners for the use of the said boats and appliances:

Provided that within a week of taking such possession, the Magistrate of the District shall be bound to give notice to the said lessee of his intention to retain the said boats and appliances permanently, or for a period to be specified in the notice.

Similar power in cases of emergency.

34. When any boats or their equipment, or any materials or appliances suitable for setting up a ferry, are emergently required for facilitating the transport of officers or troops of Her Majesty on duty, or of any other persons on the business of Her Majesty, or of any animals, vehicles or baggage belonging to such officers, troops or persons, or of any property of Her Majesty, the Magistrate of the District may take possession of and use the same (paying such compensation for the use thereof as the Lieutenant-Governor may in each case direct) until such transport is completed.

Management may be vested in District Board.

35. It shall be lawful for the Lieutenant-Governor to order that any public ferry situated in any district in which a District Board has been established under the provisions of the Bengal Local Self-Government Act of 1885 shall be managed by such District Board; and such District Board shall have all the powers vested in the Magistrate of the District under this Act except the powers specified in sections seven, seventeen, and thirty-two, and the Lieutenant-Governor may further order that all or any part of the proceeds of such ferry and all or any

part of the fines levied, and compensation received, under this Act in respect thereof, be paid into the District Fund.

And thereupon such ferry shall be managed, and such proceeds, fines and compensations shall be paid accordingly.

The Lieutenant-Governor may from time to time vary or annul any order made under this section.

Delegation of powers.

36. The Lieutenant-Governor may, from time to time, delegate, under such restrictions as he thinks fit, any of the powers conferred on him by this Act to any Commissioner or Magistrate of a District, or to such other officer or authority as he thinks fit, by name or by official designation.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 22.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

[Second publication.]

The following Bill was introduced into the Council of the Governor General of India for the purpose of making Laws and Regulations on the 14th May, 1885, and was referred to a Select Committee :—

No. 7 OF 1885.

A Bill to amend the Local Authorities Loan Act, 1879.

WHEREAS it is expedient to amend the Local Authorities Loan Act, 1879; It is hereby enacted as follows :—

1879.

Addition to section 8, Act XI of 1879.

1. After clause (*b*) of the proviso to section 8 of the said Act the following shall be added :—

"or

"(*c*) to affect the power conferred on any local authority by any such enactment to charge its funds by guaranteeing the payment of interest on money to be raised for any purpose to which the funds of the local authority may be applied."

STATEMENT OF OBJECTS AND REASONS.

IT is proposed that a light railway be constructed in the Tanjore District of the Madras Presidency by a Company, and that the interest on the capital to be raised by the Company for the undertaking be guaranteed by the Local Fund Board of Tanjore.

But section 8 of the Local Authorities Loan Act, 1879, prohibits any local authority from charging its funds except as provided by that Act and the rules made thereunder; and the Act provides, and the rules that may be made under it can provide, for no other means of charging funds than borrowing on their security.

It is considered desirable, therefore, that the Act should be so amended as to enable the local legislature to pass any enactment that may be necessary for authorising a local authority to guarantee the interest on money raised for any purpose to which the funds of the local authority may be applied.

23	Noakholly, May 29 ,,	Nil	Weather—very warm and sultry; generally there has been a variation of 8° between the morning and evening temperature. *Aus* plants are doing well, but rain is wanted. Sowings on high lands are progressing. Cholera reported from the mofussil.
24	Tipperah, ,, 28 ,,	1·07	Weather—cloudy and cool with light showers of rain. Crops are progressing favourably. Public health is still unsatisfactory owing to the ravages of cholera and (to a less degree) of small-pox.
	Brahmanbariah ...	0·16	
	Chandpore ...	0·45	
25	Chittagong Hill Tracts, ,, 26 ,,	Nil	Weather—very hot throughout the week. Rain is much wanted for sowing in *jooms* and for sugarcane. Public health very bad.
	Hill Tipperah, ,, 27 ,,	0·27	Weather—hot. *Satya* paddy is growing. Lands are being prepared for *amun* paddy. Public health good.
	BEHAR.		
	PATNA DIVN.		
26	Patna, May 30 '85	Nil	Weather—hot with west winds. Rain is wanted for sowings of *bhadoi* crops; *cheena* sown on dearah land has germinated well. Collection of cotton is going on. Cholera and fever prevail in the Dinapore and Sudder sub-divisions.
27	Gya, ,, 30 ,,	Nil	Weather—hot with west winds. Standing crops are doing well. Ploughing going on. Prices stationary. Health fair, but fever, cholera and small-pox prevail in some places.
28	Shahabad, ,, 30 ,,	Nil	Weather—very hot. Sugarcane, indigo, and millet are doing well. A few cases of chicken-pox and cholera reported from the Sasseram and Bhabhua sub-divisions.
29	Durbhunga, ,, 30 ,,	Nil	Weather—very hot. Rain is urgently needed for *bhadoi* sowings which have commenced in places. Early paddy on low lands is also suffering from want of rain. Prices continue stationary. Public health is generally good.
30	Mozufferpore, ,, 30 ,,	Nil	Weather exceedingly hot with light east winds in the morning. Want of rain is felt all over the district. Land is being prepared for paddy. In some places *kodo, sama, moong,* and *cheena* are already sown. Prices rising. Public health good.
31	Sarun, ,, 30 ,,	Nil	Weather—clear and very hot. Early *cheena* being harvested with fair results. Indigo and sugarcane are being kept alive by irrigation; rain much wanted for sowings of *bhadoi* crops. A few sporadic cases of cholera and small-pox are reported, otherwise public health good.
32	Chumparun	......	Return not received.
	BHAGULPORE DIVN.		
33	Monghyr, May 30 '85	Nil	Weather—west wind with extreme heat in the daytime, cool at night. Rain is urgently needed for the *bhadoi* crop and sugarcane. Prices steady. Public health good.
34	Bhagulpore, ,, 30 ,,	Nil	Weather—intensely hot; no rain in any part of the district. Prospects of sugarcane and indigo are fair, the former is kept up by constant irrigation. Agricultural operations are going on very slowly, and in many places stopped for want of rain. *Bhadoi* and *murwa* crops recently sown are suffering from want of rain. Prices stationary at the Sudder station, but there has been a slight rise in the Soopole and Banka sub-divisions.
35	Purneah, ,, 30 ,,	Nil	Weather—very sultry. Rain is much wanted; crops backward. Public health fair.
36	Maldah, ,, 30 ,,	Nil	Weather—excessively hot and dry. Harvesting of *boro* paddy still continues. Progress of ploughing and sowing of paddy has been much retarded by want of rain, which is very seriously felt; and where the crop has been sown it is suffering much from great heat. Common rice is selling at from 14 to 17 seers per rupee. A few cases of cholera are still reported.
37	Sonthal Perghs. ,, 30 ,,	Nil	Weather variable; cloudy and threatening after sunset, but extremely hot during the day. Want of rain is generally complained of everywhere. Wells and tanks are fast drying up. Sugarcane in Deoghur barely kept alive. *Boro* paddy is suffering from want of rain. Cholera and small-pox here and there; otherwise public health good.
	ORISSA.		
	ORISSA DIVN.		
38	Cuttack, May 29 '85	2·60	Weather—very hot; occasionally cloudy with showers of rain. Sowings of *sarad* and *beali* paddy is in progress. Common rice is selling at from 16 to 18 seers per rupee in the town, and from 22 to 26 seers in the interior. Public health generally good.
39	Pooree, ,, 28 ,,	Nil	Weather—hot. *Sarad* paddy is being sown. Sugarcane is being manured and is thriving. Cotton is being gathered. Common rice is selling at an average of 20 seers 11 chittacks per rupee in the Sudder sub-division, and 21 seers 1 chittack in the Khoorda sub-division. Public health is good.
	Khoorda	0·37	
40	Balasore ,, 29 ,,	Nil	Weather—hot and occasionally cloudy. Cultivation of paddy is being vigorously pushed on. Cholera is still reported from some parts of the district; public health otherwise good.
	CHOTA NAGPORE.		
	South-West Frontier Agency.		
41	Hazaribagh, May 29 '85	Nil	Weather—hot. Ploughing continues, and in some places sowing of early paddy has commenced. A few cases of small-pox in the town; cholera prevalent at Burai; both diseases have appeared in some places in the Giridi sub-division, otherwise public health good.
42	Loharougga, ,, 30 ,,	Nil	Weather—warm and cloudy. Sowing of *bhadoi* crops has commenced. Prices steady. Small-pox of mild type still reported; otherwise public health good.
43	Singbhoom, ,, 29 ,,	0·04	Weather—excessively hot; latterly unsettled. Rain reported from different parts of the district; ploughing and first sowings are proceeding; sugarcane is doing well. Health generally good.
44	Manbhoom, ,, 30 ,,	0·20	Weather—hot and still. Ploughing is going on, and *gora dhan* is being sown. Rain is much wanted as the water-supply is getting very scanty. Price of rice is rising; coarse rice is selling at 19 seers per rupee in Purulia, and from 14 to 18 seers elsewhere. Cholera prevalent.

for the past ten years. The variations are *negative* when the mean for the week is less than the corresponding normal mean, and *positive* when greater.
The number denoting cloud amount represents the part of the sky covered, the whole sky being denoted by 10. Under the head "District" observations for the period in question during the past 12 years. The means for the "district" are the numerical averages of the rainfall returns received ones on which at least an hundredth of an inch fell.

CALCUTTA, *the* 1*st June* 1885.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING FRIDAY, THE 29TH OF MAY 1885.

At the commencement of the present week a rather strong dry westerly air current was blowing over the whole of North and South Behar and Chutia Nagpur, and over parts of South-West and North Bengal, while the moist southerly winds which were blowing in South and East Bengal only penetrated to a short distance inland. These winds of course indicated that the usual hot-weather conditions were prevailing over the Province, and that, so long as these conditions lasted, rainfall would be confined to a few local hot-weather storms, and that no general rainfall was possible. During the week these dry westerly winds have been very slowly, but steadily, driven back by the advancing southerly and easterly winds, and for the last day or two of the week, the westerly winds were confined to South Behar and Chutia Nagpur. Easterly winds were then blowing in North Bengal and North Behar, and southerly and south-easterly winds were blowing in South-West and East Bengal. The very slow and gradual advance of the southerly and south-easterly winds was sufficient to show that they were by no means strong, and consequently comparatively little moisture was brought up by them into Bengal. By the interaction of these wind systems a few local storms have been produced, but they have been by no means general, and in most instances the rainfall brought by them has been small. It will thus be seen that the rainfall for the week has been exceedingly scanty in a few districts, and almost entirely absent over a large part of the Province. In fact the only division which has received even moderate amounts of rain has been Orissa.

The changes of pressure have been of the usual oscillatory description, and for the first two days pressure generally increased, it then decreased for two days, again increased for two days, and on the last day it decreased, the changes being of nearly equal amounts. At this season of the year, however, pressure usually decreases rather rapidly, so that the changes during the past week have had the effect of increasing the previous excess above the normal pressure. During the previous two weeks pressure over the whole Province had been about 0·06″ above the normal, but the effect of this week's changes has been to raise it to 0·11″ above the normal. The excess pressure over the Province varies from 0·14″ at Cuttack to 0·09″ in North Behar.

With the comparative absence of rainfall, and with the clear skies which have obtained over the greater part of the Province during the past week, temperature has in most instances increased, and it has been abnormally and excessively high at almost all stations. The temperature in Orissa has not been far removed from the normal, but South-West Bengal and South Behar have registered temperatures which average nearly 5° above the normal. The average temperature in South Behar and Chutia Nagpur has been nearly 3° above the normal, while in East Bengal it has been 2° above the normal. Some exceedingly high maximum temperatures have been reported during the week. Thus Raneegunge registered 111° on the 26th, Gya registered 110·2° also on the 26th, and Patna 110·1° on the 27th. The high day temperature which has prevailed over the Province during the past week is perhaps most clearly shown by stating that the average maximum temperature of all the days of the week at all the recording stations has been 100·7°, or to put it in another way, out of 40 stations reporting, 28 have registered temperatures above 100° and only 12 below it

The rainfall of the week has been so small as to be scarcely worth discussing. Orissa has received the largest amount which averages 0·59 inch as against the normal mean of 0·98 inch. East Bengal has received 0·25 inch against the normal amount of 2·53 inches. The stations in South-West Bengal have averaged 0·24 inch against the normal fall of 1·41 inches; North Bengal has received 0·13 inch against the normal of 2·73 inches, and Chutia Nagpur 0·06 inch against an average of 0·58 inch, while no rain, whatever, has fallen in North and South Behar.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the Province for the week ending Friday, the 29th of May 1885:—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86 formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

MEMORANDA.

The table annexed to this memoranda furnishes the following particulars in connection with the registration of births and deaths in the principal Municipalities in Bengal during the week ending 16th May 1885 :—

1. That the mean birth and death-rates stood at 21·0 and 30·6 per 1,000 of population, respectively, in opposition to 23·4 and 31·0 per 1,000, respectively, during the preceding week ending 9th May, indicating a noticeable diminution in the registration of births.

2. That the following towns furnished the highest proportions of births and deaths :—

Births.

	Ratio per mille.
Jessore	42·8
Naraingunj	33·1
Gya	31·5
Purneah	31·1
Bhagulpur	29 9
Patna	29·2

Deaths.

	Ratio per mille.
Burdwan	82·4
Durbhanga	50·4
Bhagulpur	43·4
Suburbs of Calcutta	40·7
Purneah	38·1
Patna	38·6
Gya	34·2
Darjiling	32·6
Chittagong	30·5
Dacca	29·8

3. That the mortality from none of the undermentioned principal diseases exhibits any noticeable difference in comparison with the death-rates from the same diseases in the preceding week :—

	Ratio per mille during the weeks ending—	
	16th May 1885.	9th May 1885.
Cholera	6·1	6·0
Small-pox	·7	·6
Fever	12·2	12·6
Bowel-complaints	4·5	4·2
Injury	·4	·5
Other causes	6·7	7·0

4. That of the above-mentioned death-causes, while injury proved nowhere severe, the Municipalities noted below suffered in the highest degree from the rest of the diseases :—

Cholera.	Ratio per mille.	*Small-pox.*	Ratio per mille.	*Fever.*	Ratio per mille.	*Bowel-complaints.*	Ratio per mille.	*Other Causes.*	Ratio per mille.
Burdwan ...	44·2	Dacca ...	4·5	Purneah ...	34·6	Durbhanga	11·0	Durbhanga...	16 5

Mozufferpur ...	6·1							Suburbs of Calcutta ...	9·5
Hughli ...	5·4								
Patna ...	3·2								
Howrah ...	2·9								

It is observable that while cholera prevailed with considerably abated severity in Bhagulpur and Hughli, in comparison with its incidence during the preceding week, it progressed in virulence in the Suburbs of Calcutta and in Burdwan, very notably in the latter. Fever also exhibited added severity in the Purneah Municipality.

5. That the death-rates in relation to *Sex*, *Class* and *Age* stand as follows :—

According to Sex.

	Ratio per mille.
Males	31·4
Females	30·0
Ratio of male deaths to every 100 female deaths ...	117

GENERAL REMARKS.

The result of the month's working again shows a fair increase in all the principal staples except railway material and tobacco, and slight decreases under the heads of ginger and jute. The falling off in the weight of railway material lifted can be accounted for by the fact that less coal passed up for the Locomotive Department than during the same time last year; that under tobacco to bad prices.

The increase actually stands at 2105·62 tons over and above the weight lifted during the corresponding period last year, giving a better working result of 16·19 per cent.

INCREASES.

Ale ... ... Tons 4·74

This increase is nominal.

Food-grain ... ... Tons 120·66

The market for all sorts of rice has been active during the month. Ballam has been in good demand for London, the West Indies, Mauritius, Bourbon and Jeddah.

Gunny-bags ... ... 220·68

The demand for foreign exportation is again springing up.

Miscellaneous ... ... Tons 2,083·07

The traffic in through booked consignments has been particularly brisk during the month.

Piece-goods ... ... Tons 110·92

With the approach of the spring season a demand from local markets sets in.

Salt ... ... Tons 133·23

This increase was to be expected in the face of last month's falling and cheap freight.

Sugar ... ... Tons 31·26

No transactions are reported in the Calcutta market. What passes up is the usual monthly supply for local consumption, and it depends on prices. At present sugar is cheap.

Seeds ... ... Tons 595·37

The demand for linseed for spring delivery continues. The other kinds are neglected.

Tea ... ... Tons 26·93

A strong demand for all descriptions at advanced prices has existed during the month.

DECREASES.

Ginger ... ... Tons ·48

The season is now in, but there is no demand for this article.

Jute ... ... Tons 88·08

The market for loose jute is very quiet. The demand is irregular and prices bad.

Railway material ... ... Tons 795·46

This decrease is due to less coal being carried for the Locomotive Department.

Tobacco ... ... Tons 337·22

Prices are bad, and there is little or no enquiry.

DRAFT NOTIFICATION.

The 5th June 1885.—The Lieutenant-Governor directs the extension to the Angul estate, in the Tributary Mehals of Orissa, of the following rules under section 75 (*d*) of, the Indian Forest Act (Act VII of 1878) for the prevention of fires in Forest Reserves which, under the notifications of the 11th December 1880 and of the 3rd December 1881, were applied to the districts of Darjeeling and Julpigoree in the Rajshahye Division, and to the districts of Lohardugga and Hazaribagh in the Chota Nagpore Division, respectively. The season during which these rules will hold good will be from the 1st January to the 1st June in each year.

1. Any person living in the vicinity of a Government Forest Reserve, or occupying or using land in such vicinity, and desirous of clearing by fire any standing forest or grass land near that reserve in a locality from which such fire would be likely to endanger the reserve, shall observe the following rules:—

(1)—He shall give notice of at least one week to the nearest Forest Officer, Ranger, or Forester of his intention.

(2)—He shall clear a belt of land, at least 20 feet broad, on the side of the land he proposes to burn nearest to the forest reserve.

(3)—He shall choose for such burning a day or time when a high wind is not blowing.

(4)—He shall light the fire in a direction contrary to the prevailing wind.

2. Any such person desirous of burning, on land adjoining a forest reserve, wood, grass, or weeds or other cut material, shall collect that material into heaps, and burn it separately in such a way that the fire may not endanger the forest reserve.

3. Any person collecting inflammable forest produce, such as grass and bamboos, on land adjoining a forest reserve, and any holder of a permit to collect such materials from the forest reserve, shall stack the materials so collected in an open space as far removed as possible from the forest.

4. All persons travelling on roads passing through or along the boundary of a forest reserve shall camp only at such places as may be cleared and set apart for the purpose of camping-grounds by the Forest Officer, who shall yearly publish a list of such grounds in the vicinity of the reserve. Camping at other localities than those so set apart is forbidden; and all persons so camping shall light any fires they may make for cooking or other purposes in such a way as not to endanger the forest reserve or the buildings or property on the camping-ground, and they shall, besides, extinguish all such fires before leaving the camping-ground.

5. The carriage of burning wood, firebrands, or torches, through or along the boundary of any reserved forest is prohibited.

These rules will hold good during the season in which fires may be expected to occur, viz. from the 1st January to the 1st June in each year.

A. P. MACDONNELL,
Secy. to the Govt. of Bengal.

DRAFT NOTIFICATION.

The 6th June 1885.—The Lieutenant-Governor is pleased, under the provisions of section 26 of the Indian Forest Act (VII of 1878), and with the previous sanction of the Governor-General in Council, to declare that the area described below, which comprises 175 acres, and used to form a part of the Munjha Forest Reserve, in the Darjeeling district, which was declared to be reserved forest in the notification, dated the 10th August 1883, published at page 688, Part I of the *Calcutta Gazette* of the 15th August 1883, has ceased to be reserved forest from the 2nd April 1885.

Boundaries.

On all sides a line demarcated with masonry pillars, separating the area from the Munjha Forest Reserve.

THE Lieutenant-Governor is pleased, under the provisions of section 4 of the Indian Forest Act (VII of 1878), to declare that it is proposed to constitute as reserved forest the plot of land described below, which, in a notification of the 23rd January 1879, was excluded from the Munjha Reserved Forest as being the location of the New Terai Tea Company.

A. P. MACDONNELL,
Secy. to the Govt. of Bengal.

NOTIFICATION.

The 7th June 1885.—Under section 2, clause 3 of the Agriculturists' Loans Act, XII of 1884, the Lieutenant-Governor is pleased to extend the Act to the provinces under his administration with effect from this date.

A. P. MACDONNELL,
Secy. to the Govt. of Bengal.

NOTIFICATION.

The 7th June 1885.—Under the powers conferred upon him by section 4, sub-section (1) of the Agriculturists' Loans Act, No XII of 1884, the Lieutenant-Governor, with the previous sanction of the Governor-General in Council, is pleased to make the following rules as to loans to be made to owners and occupiers of arable land, for the relief of distress, the purchase of seed or cattle, or any other purpose not specified in the Land Improvement Loans Act, 1883, but connected with agricultural objects:—

1. Loans under these rules will be made from such sums as the local Government may from time to time allot to the Board of Revenue.

2. Commissioners will submit, by the 15th October of each year, an estimate of the requirements for loans under the Act for each of the districts of their divisions for the ensuing financial year; and when orders thereon are received from Government and an allotment is made, the Board will distribute such funds as are available. It will be in the power of Commissioners to divide the sum so allotted among the districts of their divisions at their discretion, and to transfer assignments from one district to another, but expenditure in the division must be kept strictly within the amount assigned.

3. Subject to the provisions of these rules, the Collector may sanction loans not exceeding Rs. 700 for purposes specified in the Act, provided the district allotment must not be exceeded without the sanction of the Commissioner of the division Loans exceeding Rs. 700 require the sanction of the Commissioner, and exceeding Rs. 5,000 the sanction of the Board. A Collector may delegate to an officer in charge of a sub-division the power to sanction loans not exceeding Rs. 250 for purposes specified in the Act.

4. Applications for loans may be presented to any Revenue officer of or above the rank of a Kanungo or Sub-Deputy Collector, for transmission to the Collector.

5. The application shall be made in writing as nearly as possible in the annexed Form A.

6. The Collector shall either make a local enquiry himself, or cause one to be made by a Revenue-officer not below the rank of a Kanungo or Sub-Deputy Collector, for the purpose of ascertaining the particulars mentioned on the reverse of Form A.

7 (1) When the applicant possesses in immoveable property an interest of value sufficient to secure the whole amount that may become payable in respect of the loan, he must mortgage that interest, or a sufficient portion thereof, to the Government as security for the payment of that amount, and no further security need be required from him.

(2) When the applicant does not possess in immoveable property an interest of such value, he must procure some person or persons to become his surety or sureties for the payment of the said amount.

When the sureties are a body of village residents, who bind themselves jointly and severally to the Government for the payment of the amount, their personal security may be accepted. In other cases the security given by the surety or sureties must consist of the mortgage of immoveable property.

8. Repayment shall be by half-yearly instalments, the date of the instalment not exceeding one year from the date of the loan.

9. The date of the last instalment shall not ordinarily exceed five years from the date of the loan. With the sanction of the Board of Revenue, the time for repayment may in special cases be extended to ten years.

10. If the loan applied for is one that can be granted under the provisions of section 4, sub-section (1) of the Act, and the security offered is good and sufficient, the Collector may, on completion of the local enquiry, sanction the loan himself, if empowered to do so. Otherwise he shall forward the application with his report to his superior officer for disposal.

11. (1) If the loan is sanctioned, the applicant must sign the order granting the loan, which shall be in the annexed Form B, as nearly as may be.

(2) If the security for the repayment of the loan consists of the mortgage of an interest of the applicant, such as is referred to in clause (1) of rule 7, the mortgage may be effected by clause (*d*) of the form being inserted in the order granting the loan, and by the order being attested by at least two witnesses and registered

(3) If the security is furnished by a surety or sureties, it will be taken, where the sureties give personal security only, in the annexed Form C, and, where the surety or sureties mortgages or mortgage immoveable property, in the annexed Form D, which should be attested by at least two witnesses and registered.

12. A copy of the order granting the loan shall be given to the applicant, and payment of the loan shall be made at the district or sub-divisional treasury on its presentation.

13. (1) The rate of interest shall be one anna in the rupee, or 6¼ per cent. per annum.

(2) But the Local Government may, for special reasons, and on special application through the Board of Revenue, sanction a loan at a lower rate of interest or without interest.

(3) If any instalment of principal or of interest, or of consolidated principal and interest, is not paid when it falls due, the Collector may, if he thinks fit, charge interest on it at any rate not exceeding 6¼ per cent. per annum from the date of its falling due to the date of payment.

14. The repayment of the loan shall be made in accordance with the table marked E, which shows the amount of equal half-yearly payments necessary to repay a loan advanced with interest at 6¼ per cent. per annum for any number of years from one to ten.

15. The dates for payment of instalments shall usually be the dates fixed for payment of the land revenue.

16. Instalments may be suspended by order and at the discretion of the Collector on proof of failure of crops or other exceptional calamity. The Collector shall report the suspension through the Commissioner to the Board of Revenue, who shall pass such orders on the case as may seem proper.

17. If at any time it is proved to the satisfaction of the Collector that any part of the loan has been misapplied, he may, after recording in writing the grounds of his decision, and subject to the control of the superior Revenue authorities, proceed to recover the whole amount of the loan with such interest and costs (if any) as may be payable in respect thereof.

18. When any portion of the amount payable in respect of a loan made under these rules is found to be irrecoverable, a special report shall be made to the Board of Revenue.

19. The Board of Revenue shall regulate the forms of all returns, registers, and accounts relating to loans under the Act.

RED SEA—COAST OF NUBIA.

Shoals in Northern approaches to Trinkitat Harbour.

WITH reference to Notice to Mariners No. 18 of 28th March 1885, issued by this Department, on the existence of certain shoals lying in the approach to Trinkitat *(Taring-hatah)* harbour from the Northward, Western shore of the Red Sea.

The following information, the result of an examination of the locality, has been received from Commander the Hon'ble F. C. Vereker, H.M.S. *Rambler*, through the British Admiralty, London:—

Sha'b-ul Shubuk.—A reef extending 6 cables in a North and South direction, and 3½ cables wide, having a small sand cay near the centre, forms the S. E. extreme of Sha'b-ul Shubuk; this reef is separated from the main reef by a passage two cables in width; it may be passed on the eastern side at a distance of about 3 cables.

Position of the small sand cay.—Latitude 18° 41′ 40″ N., longitude 37° 44′ 45″ E.

A shoal *(Rambler shoal)* extending 4 cables in a N. N. W. and S. S. E. direction, and 2 cables wide, with a least depth of 3 fathoms over coral, and 4½ fathoms around, lies with the sand cay on the S. E. extreme of Sha'b-ul Shubuk, bearing N. 17° E., distant 1½ miles.

A circular coral patch *(Fairway patch)* two cables in diameter, and a least depth of 4 fathoms, lies with the sand cay on the S. E. extreme of Sha'b-ul Shubuk, bearing N. 8° W., distant 2¼ miles.

Rás Makdah is marked by the most conspicuous of the low sand hills in the vicinity, a ridge 37 feet high. The point is low, with *three small islets* lying northward of it; shoal ground extends ¾ to 1½ miles of shore. Mersa Makdah is the bight enclosed between the S. E. part of Sha'b-ul Shubuk and Rás Makdah. Anchorage in 8 to 9 fathoms, sand and mud can be found, under the lee of the reef, over the northern portion of the bight, but the southern part is blocked by the shoals extending 1½ miles northward of Rás Makdah.

Trinkitat (Taring-hatah) harbour off the entrance is an extensive coral reef, named Kat' at Kennashah, which is steep-to and always visible. Between this reef and the harbour entrance is a shoal extending, within the 5 fathoms line, 2 cables in a North and South direction and ¾ of a cable in width with a least depth of 3 fathoms. The harbour lies 2 miles S. E. of Rás Makdah. The entrance is not easily distinguished from seaward, the coast being low and sandy. Shoal ground extends 1½ cables S. E. of the north entrance point of the harbour and 3½ cables northward of the south entrance point, narrowing the entrance within the 3 fathoms line to about half a cable. *Two* temporary *beacons* have been erected on the western shore of the harbour, which, kept in line bearing S. 55° W., lead in between the shoals with 24 feet least water. Should the becons be down, a stranger should buoy the entrance before attempting to enter.

Outside the harbour there is good anchorage in 6 to 7 fathoms under shelter of Kat' at Kennashah.

In the vicinity of the harbour the coast is low and barren, consisting of sand hillocks with scattered scrub. A sandy plain, flooded at times, extends for a considerable distance inland.

The bearings are Magnetic.

Shoal off Kumbáru Point.

THE British Admiralty, London, has notified that information has been received from the Superintendent, Marine Survey of India, of the existence of a shoal lying in the fairway of vessels navigating the coast of Kumbáru Point.

This danger *(Shah Jehan Shoal)* consists of *two patches*, having respectively 2½ and 3¼ fathoms at low water spring tides, with a depth of 4½ fathoms between them.

The shoalest patch extends half a mile in a N. W. by N. and S. E. by S. direction with a breadth of 2 cables, and lies with the following bearings and distance :—

Rájpuri point	...	... N. by E. ½ E.
Kumbáru point ...	...	... N. E. by E¼ E., distance one mile.

The other portion of the shoal is a ridge lying about a third of a mile seaward, and is about a mile in length in a direction parallel to the shore.

Position.—Latitude 18° 12′ 35″ N.; longitude 72° 54′ 0″E.

NOTE.—Vessels navigating in the vicinity should keep outside the 5 *fathoms* line.

The bearings are Magnetic.

GOVERNMENT OF BENGAL, GENERAL (MARINE) DEPARTMENT.

NOTICE TO MARINERS.—(No. 27.)

AUSTRALIA—SOUTH COAST.

VICTORIA.

PORT PHILIP.

Removal of facilities for Navigation in case of War.

TELEGRAPHIC information has been received by the Government of India from the Hon'ble Premier of Victoria that at any moment it may become necessary to remove the facilities now afforded for the navigation of Port Philip in the event of war. Masters of vessels are warned to be cautious in approaching the heads, as they may find the lights on points Lonsdale and Queenscliff extinguished. No vessel would be permitted to enter during the night, but arrangements will be made for piloting vessels by day only. As electric lights may be exhibited from Queenscliff and Nepean points for defence purposes, masters of vessels are particularly warned that they are not to treat them as guiding lights.

By direction of the Government of Bengal,
ARTHUR W. STIFFE, *Captain*, I.M.,
Port Officer of Calcutta.

C. H. TAWNEY, *Offg. Director of Public Instruction.*

THE Calcutta Medical College Session 1884-85 will commence on the 23rd June next Students who may be desirous of commencing their studies are requested to apply to the Principal between the hours of 11 A.M. and 4 P.M. on or before that date.

2. Ten (10) free presentations will then be awarded. These are given to students according to their relative position in the University B.A., B.L., and F.A. Examinations, preference being given to those who have passed the highest examination

3. No person shall be enrolled as matriculated students of the College who has not previously passed the First Arts Examination of the Calcutta University, or some one of the preliminary Arts Examination of the United Kingdom recognized by the British General Medical Council.

4. All matriculated students of the College are required to pay Rs. 15 on entrance, Rs. 30 for the summer session on the 23rd June, and Rs. 30 for the winter session on 1st November of each year.

5. Students who have failed to pass their final examination and who, under the regulations of the University, are required to attend a further course of lectures and of hospital practice before being allowed to present themselves again for examination, will pay for such further course an annual fee of Rs. 45 in two instalments of Rs. 30 and Rs. 15, payable at the beginning of the summer and winter sessions respectively.

6. Any matriculated student of the College may, with the permission of the Principal and the Professors of the subject, attend courses of lectures or departments of hospital practice in addition to the full curriculum for the year, and he shall be entitled to certificates of attendance at such extra lectures, if the Professor is satisfied that he has really studied the subject. The fees payable in advance for such additional courses are the following :—

	Rs.
For a single course of lectures on each subject	40
For six months' attendance in each department of hospital practice ...	60

7. Any matriculated student who leaves the College before completing his University course with the object of continuing his studies at a Medical School in Europe may receive certificates of attendance at lectures on payment of fees at the rate fixed in the foregoing rule. But in calculating the sum to be so paid, the amount of the fees already paid by him as a regular student, or, in the case of a free student, the amount which would have been paid by him had he been a paying student, shall be deducted.

8. Any person not being a matriculated student of the College who may be desirous of attending any course of lectures or any department of hospital practice may do so with the permission of the Principal and Professor of the subject, on payment, in advance, of fees at the rates fixed in rule 6.

If such student has passed the Entrance Examination of the University, he may receive certificates of attendance at lectures, provided the Professors are satisfied that he has attended the full course of lectures, and has mastered the subjects taught.

A student who has not passed the Entrance Examination will be entitled to no certificates of any kind.

9. College scholarships, prizes, and certificates of Honour are open for competition only to matriculated students of the College Hospital apprentice class and Female Certificate class.

10. No fees are payable by the holders of the Calcutta Medical College scholarships.

The holders of the Doorga Charan Laha and all other scholarships will be required to pay fees as a matriculated student. These scholars may pay their fees in advance, or have their scholarship money deducted till the full amount is received.

11. Any student holding a Medical College scholarship will be permitted to draw the stipend of the said scholarship at any recognized Medical School in the United Kingdom, provided he furnishes from the head of such school a certificate of good conduct and diligent prosecution of his studies.

12. The offices of class assistant, clinical clerk, dressers, &c., can be held only by students whose names are on the rolls of the College.

HIGH COURT NOTICES.

No. 7, dated Calcutta, the 27th April 1885.

From—C. A. WILKINS, ESQ., Registrar,
To—All District Judges in Bengal and Assam.

THE Judges of the High Court having learnt that certain processes sent from the Court of Small Causes at Benares for service in Bengal have in several instances been returned by Civil Courts in this Province unserved, merely because no one on behalf of the parties, at whose instance such processes were issued, appeared in those Courts to point out the persons to be served, although such persons were presumably well and commonly known by reason of their position in local society, I am directed to convey the following instructions for your guidance and that of the Courts subordinate to you.

2. When a summons is received under section 85, Civil Procedure Code, for service in your district, it shall be the duty of your Nazir, and of those of the Courts subordinate to you, to make all reasonable efforts to effect service, and this whether or not any one appears on behalf of the person at whose instance such summons was issued to point out the person to be served. Although the Rules* for the service of processes require that sufficient proof be afforded of proper service, and suggest the presence of some one to identify the person to be served, they do not provide that no attempt at service shall be made unless a person appear to identify. If no such person appears, the peon must nevertheless endeavour to effect service, and where the person to be served is a well-known individual, the peon should be able to find him and effect service without the aid of a person to point out and identify him.

* Chapter V, rule 3, clauses (a) to (r), pages 245 to 249, Rules and Orders, Civil.

Circular orders issued by authority of the High Court of Judicature at Fort William in Bengal.

To be substituted for Rule of same No. and Date.

CIVIL.

Rule No. 7, dated the 13th April 1885.

(c.) All the fees abovementioned shall be paid in Court-fee stamps, if the commission is to issue to a Court. If it is to issue to a Pleader of a High Court, the additional fee shall be received in cash and transmitted together with the commission to the Court in which the Commissioner is practising as a Pleader, and when such Court is the High Court, to the Registrar.

To clause (c) of Rule 9, Chapter I, page 15 Civil Rules and Orders, append the following as a foot-note :—

Fees transmitted to the Registrar, as provided above, shall be remitted by money order payable to the Accountant, Office of Registrar, High Court, Appellate Jurisdiction.

CIVIL.

No. 8, dated the 21st April 1885.

(7) Prefixed to each record there shall be a fly-leaf or index of its contents: this must be prepared as soon as the trial is terminated. In this general index the exhibits contained in the record will only be mentioned by number, but there must be a supplementary index showing separately for each party to the suit the documents used by them. The entries in these subordinate indices shall specify the nature of each document with its date.

NOTE.—It is not necessary that a detailed list of the exhibits admitted in evidence in a case should form part of the general index of the contents of the trial nuthee. It is sufficient to state in the general index the number of exhibits used by each party, the necessary detail being given in the supplementary lists of exhibits, which should also have a column to show the distinguishing mark put upon each by the Court.—(C. O. No. 24 of 14th June 1877).

(7A)[1] The fly-leaf shall be in the following form. Columns 5, 6 and 7 will be filled in by the Amlah in charge of the records, before sending them into the record-room. On receipt of the records in the District Judge's office, the record-keeper shall compare the entries in these, as in other columns, with the records themselves, and shall bring to the immediate notice of the District Judge any instance in which the rules for the cancellation of stamps have not been strictly carried out, or in which the entries have been wrongly made, or any other irregularity in regard to the stamps that may have occurred.

The 188 .

Clause 7A was prescribed by C. O. No. 29 of 28th November 1881.

(9) Papers other than those herein before specified shall be kept apart, when they ought to be kept at all, and form the process record.

NOTE.—A separate fly-leaf should be prepared for the process record in which the papers should be grouped as much as possible, all processes to plaintiff's witnesses and all processes to the witnesses of each defendant or group of defendants being entered consecutively. Petitions and other papers should be similarly shown. If there any papers which cannot be distributed among several parties, they will form a separate by themselves (C. O. No. 24 of 14th June

The following corrections should be made on page 307, Civil R. and O.:—

1. For clause (7) and "Note" substitute the following:—

"(7) Prefixed to each record there shall be a fly-leaf or index of its contents. This must be filled in by the ministerial officer in attendance on the Bench from day to day as the[1] trial proceeds. In this index the exhibits contained in the record will be mentioned only by number, as all other necessary particulars will be forthcoming from the list of documents filed by the parties.[1]

[1] *Vide* revised Rule 3, page 2, Chapter I.

2. In clause (7A), for the words "Columns 5, 6, and 7 will be filled in by the Amlah in charge of the records, before sending them into the record-room," *substitute*—

"Columns 1 to 7 will be filled in as the trial proceeds. Column 1 will give the serial number of the sheets on the record, and column 4 the dates of filing the documents, in chronological order."

3. In the same clause, for the words "in these, as in other columns," *substitute* "in all the columns."

4. In the "Note" to clause (9), for the words "a separate fly-leaf should be prepared for the process record, in which the papers should be grouped as much as possible," *substitute*—

"A separate fly-leaf, in the form given in clause (7A), shall be prepared for the process record in the manner prescribed in clauses (7) and (7A)."

5. In the same "Note" cancel the words:—

"If there are any papers * * * * * group by themselves."

[NOTE.—Sessions Judges in most Provinces are ordinarily required to dispose of certain criminal work at their stations during the periodical Court vacations; but the work to be done is often insufficient to require their presence at their stations during the whole vacation. A Sessions Judge or other officer whose work requires him to be present at his station for a portion of the vacation is eligible for privilege leave

under the ordinary rules, provided he has not been absent from his station for more than 15 days of the vacation. If he has been absent for more than 15 days, his title to privilege leave is regulated by Rules 1 and 3 under this section. Any such officer applying for privilege leave under the ordinary rules must attach to his application a certificate that he was not absent from his station for more than 15 days in any of the vacations included in the period of service by which the privilege leave claimed has been earned.]

PUBLIC WORKS DEPARTMENT—BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION No. 223.

The 8th June 1885.

THE following annual accounts and reports of the Road Cess Committees of the districts of Patna, Gya, Shahabad, Mozufferpore, Durbhunga, Sarun and Chumparun, for the cess year 1883-84, together with the remarks thereon of the Commissioner of the Patna Division, are published for general information.

G. F. E. S. NEILL, *Major*, M.S.C.,
Under-Secretary to the Govt. of Bengal, P. W. Dept.

No. 175, dated Patna, the 15th January 1885.

From—C. C. QUINN, ESQ., C.S., Chairman, District Road Committee, Patna,
To—The Commissioner of the Patna Division.

I HAVE the honour to submit the following report on the administration of the Road Cess Department for the year 1883-84.

2. The annual accounts, which are submitted herewith in duplicate, were scrutinized and passed by the Sub-Committee of Audit appointed under section 174 of Act IX of 1880.

3. The report and accounts were laid before, and approved of by, the District Cess Committee at a meeting held on the 15th January 1885.

Original works.—The chief original works undertaken during the year were—(*a*) Bukhteearpore to Behar road, section III; (*b*) Behar to Ekangerserai road; (*c*) Futwa to Behar road; (*d*) Mussoudhi to Pubhera road; (*e*) Mussoudhi to Paligunj road; and (*f*) Futwa to Hilsa road.

4. The Bukhteearpore to Behar road, section III, was taken in hand during the preceding year. A sum of Rs. 6,628 was expended on it during the year under report, and with the exception of work to the amount of Rs. 3,000, the unexpended balance of the estimate for the road, which could not be provided in the budget, the work in question would have been completed.

5. The Behar to Ekangerserai road, is one of the most important works undertaken by the Committee. At the close of the year the earthwork (except the approaches to the bridges), a part of the turfing (the whole could not be done on account of the failure of the rains), and the culverts were finished. Out of an estimate of Rs. 1,84,620, Rs. 19,002 was expended during the year and Rs. 36,941 altogether up to date.

6. The earthwork and culverts of the Futwa to Behar road were nearly completed, the expenditure during the year being Rs. 11,837, and that to date Rs. 27,468 out of an estimate of Rs. 75,389.

7. The earthwork and culverts of the road from Mussoudhi to Pubhera were carried as far towards completion as the budget allotment would allow, the expenditure of the year being Rs. 5,531, and that to date Rs. 10,428 out of an estimate of Rs. 38,317.

8. The Mussoudhi to Paligunj road was nearly completed. It has had all necessary culverts built, but not the big bridges. The annual outlay on the road was Rs. 4,500, and the total expenditure incurred up to date, Rs. 8,517 out of an estimate of Rs. 9,476.

9. The metalling of the Futwa to Hilsa road was about three quarters finished, the expenditure during the year being Rs. 11,215 and that to date Rs. 22,628 out of an estimate of Rs. 30,149.

10. The total outlay on original works amounted to Rs. 73,926 against Rs. 70,767 of the preceding year.

11. *Repairs.*—The repair works undertaken during the year were of an ordinary nature, no large expenditure being incurred on any one work.

12. On first class roads, of which there are 94 miles in the district (excluding the 14 miles from Futwa to Hilsa, which are very nearly metalled throughout), the expenditure was Rs. 14,200, giving an average of Rs. 151 per mile.

13. On second class roads, of which there are 222 miles, the expenditure was Rs. 14,700, or Rs. 66 per mile.

The rate is somewhat higher than usual, as in many of the roads masonry culverts were substituted for the existing temporary ones.

14. On third class roads, of which there are 141 miles, the outlay was Rs. 5,400, or Rs. 38 per mile, and on fourth class roads, of which there are 121 miles, it was Rs. 5,500, or Rs. 45 per mile.

15. The total outlay on repair works was Rs. 50,300, against Rs. 50,968 of the previous year.

16. *Union roads.*—The state of roads in the three unions in the Dinapore sub-division was good. Besides the amount of Rs. 521 spent on the union roads, an additional sum of Rs. 2,100 was allotted and spent from the Nizamut funds.

17. The small expenditure on union roads in Khagoul and Manair is owing to there being no pucca roads in those unions. There is only one pucca road in Khagoul, which is the main thoroughfare and is in good order.

18. In the Manair Union a sum of Rs. 1,000 was set aside from the cess funds in order to metal the main road through the town, but this project was abandoned because the Committee thought that it was not absolutely necessary to spend this money, as in the event of the road being once metalled it would require to be kept up, and this would necessitate a greater annual expenditure than the Manair Union could well afford. The road is at present in a fairly good condition and is not much used.

19. The roads in the unions in the other sub-divisions of the district are not of sufficient importance to require a special mention in this report.

20. The total expenditure on union roads amounted to Rs. 1,489.

21. *Villages roads.*—In the sudder sub-division sixty miles of village roads were newly opened out and 165 miles repaired. Tar seeds were also planted along the edges of the roads to form hereafter an unmistakeable border. At present encroachments on these roads by the neighbouring cultivators are very common, and necessitate a larger expenditure on repairs than would otherwise be required.

22. The village roads of the Barrh sub-division, which were, towards the close of the last cess year, placed under the supervision of the District Engineer, were considerably improved, the expenditure on them being Rs. 2,573 against Rs. 1,380 of the preceding year.

23. The Chairmen of the Dinapore and Behar Branch Road Cess Committees continue to take much interest in the matter of village roads, which are reported to be in a thoroughly good condition.

24. No progress was made on the village road from Bargaon to Moharbagh, which was undertaken last year by the then Sub-Divisional Officer of Behar, Baboo Nobin Chunder Sen. The work, as stated in the last year's report, was stopped by the action of the zemindar, Choudhri Zahur-ul-Huq, who claimed compensation for the land required for the road. The Chowdri was sent for and spoken to on the subject by the present Sub-Divisional Officer. But he is still unwilling to allow the completion of the road until the point of compensation is settled. I have asked the Sub-Divisional Officer to take steps for acquiring the land under Act X of 1870.

25. The total outlay on village roads amounted to Rs. 7,819 against Rs. 9,130 of the last year.

26. *Arboriculture.*—Under the head of "Arboriculture" a sum of Rs. 1,700 was expended during the year, the expenditure being chiefly on nurseries and on replanting vacancies in existing young avenues; but owing to the failure of the rains the year was a most unfavourable one for tree-planting. The District Engineer had all the trees on the roadsides that were alive at the close of the hot season counted in the last week in May and first in June, checking the enumeration in some cases personally, and there were :—

Mango	14,755
Mahua	2,852
Tamarind	193
Jamun	2,782
Jack	408
Bael	14
Tar	34,832
Other fruits	621
	55,957

Bar and Pipal...	1,402
Teak	71
Toon	16
Siris	350
Bamboo	8
Sisso	644
Other kinds	1,803
	4,294

i.e., 55,957 fruit trees and 4,294 others, or in all 60,251 trees. This is a good result, considering that the tree-planting has been taken in hand since 1880; that the expenditure has been moderate; and that the soil of the district is for the most part most unfavourable for tree growing.

27. *The principal works to be undertaken.*—The principal works to be undertaken during the year 1884-85 are—

WORKS.	Their estimated outlay or the ear.
	Rs.
1. Behar to Ekangerserai road	15,311
2. Futwa to Behar road	16,466
3. Mussoudhi to Pubhera road	18,802
4. Futwa to Hilsa road	7,236
5. Extension of Road Cess Office building	11,828

28. *Working of the Road Cess Act.*—The Cess Act continued to work smoothly. The gross demand for the year under report was Rs. 1,81,800. Rupees 1,45,722 was collected during the year, Rs. 4,815 was previously paid in advance on account of this year, and Rs. 5,430 was remitted, leaving a balance at the close of the year of Rs. 25,833, or 14·1 per cent. on the gross demand. Considering that the last day of the kist for September of the year under review fell on the 5th of October, the result was fairly satisfactory.

29. 2,331 certificates were filed during the year, which, together with the pending cases of the preceding year, make a total of 2,948 cases. Of this, 2,163 were disposed of, leaving 785 cases for disposal at the close of the year.

30. The revaluation of the district, which was commenced in November 1881, was completed in March last, resulting in an increase in valuation of Rs. 7,20,686. This increase is mainly due to a larger number of valuations on returns this time.

31. *Working of the District and Branch Committees.*—The District Committee worked satisfactorily, the members continuing to take intelligent interest in matters brought up before them. I take this opportunity of putting on record the valuable services rendered by Moulvi Khoda Bukhsh Khan Bahadur, both as a member of the Committee and as their *ad-interim* Vice-Chairman.

32. The Branch Committees at Behar and Dinapore worked well during the year. They paid particular attention to village road works, on which nearly the whole of the allotment made for the respective sub-divisions were spent up.

33. The allotment for the Barrh sub-division was spent on the village roads situated therein under the supervision of the District Engineer, and the Branch Committee there had consequently very little work to do and were called only once during the year.

34. The establishments in the several departments of the Road Cess Office have worked satisfactorily.

35. A tabular statement embodying the particulars of the meetings of the District and Branch Committees held during the year under review is enclosed herewith.

G. A. GRIERSON,

Vice-Chairman, District Road Cess, Patna.

No. 248, dated Gya, the 19th January 1885.

From—J. BOXWELL, ESQ., Chairman, District Road Committee, Gya,

To—The Commissioner of the Patna Division.

I HAVE the honour to submit the annual accounts and report of the road cess operations for the cess year 1883-84.

Working of the Road Cess Act.—The Cess Act has worked satisfactorily and without friction.

Collection and Assessments.—The gross demand of cess for the year under report was Rs. 2,09,078-5 of which Rs. 4,090-5 had been realized in advance in the previous year. The net demand, therefore, was Rs. 2,04,988, of this Rs 1,97,447 were on account of the year under report, and Rs. 7,541 on account of balance of previous years. The collections were Rs. 1,70,633-3-9, leaving an unrealized gross balance of Rs. 34,354-6. The collections during the year were not as satisfactory as would be desired, being only 86·4 per cent. against 92 per cent. in the previous year. The decrease was due partly to the fact that the Durga Puja holidays began before the end of September. A large portion of the money due for the last quarter was therefore paid in October after the new year had begun, and partly to the failure of the crops. The cess was realized at the maximum rate.

Working of the Committee.—The Committee held seven meetings during the year. The average attendance of the members was 6·7 out of a total of 19 members. The non-official members have not been regular in their attendance, in fact it is only those non-official members who are at or near Gya that can make an appearance at the meetings.

Working of Branch Committees.—There are three Branch Committees in the district (at Nowada, Aurangabad and Jehanabad). Only one meeting was held by the first, two by the second, and three by the third. The members who attended the meetings appear to have taken an interest in the proceedings.

Establishment.—The several establishments under the Road Cess Committee are said to have worked satisfactorily. The only change in the year was in the engineering staff. Mr. Tritsch, the late District Engineer, resigned on the 7th September 1883, making over charge to Baboo Rajendra Nath Neogy, who officiated as District Engineer to the 18th March 1884, when he was succeeded as a temporary measure by Baboo Gris Chandar Bhar, overseer. Mr. James Keddie became District Engineer on the 24th April 1884. It was unfortunate that the district was without a competent engineer for some months before Mr. Keddie took charge. Mr. Keddie, an active and experienced officer, is rapidly making an improvement in the state of roads and means of communications.

Village Roads.—Great improvements are yearly made to those roads under the supervision of the District Engineer and Branch Committees. No applications from the village punchaits and zemindars were received.

Arboriculture.—Trees have been planted on the Nowada road under the Sudder Committee and on some of the roads under the Branch Committees of Aurangabad and Nowada. A collection of plants has been made in the nurseries at Gya and Aurangabad. The trees planted on the road side in previous years have been maintained, and such as withered have been replaced.

Original Works.—Under this head the only important work was the metalling and raising of the road from Gya to Nowada, 35½ miles. The work on this road was undertaken during 1882-83, and completed during the year under report satisfactorily, with the exception of a few miles, which are being rectified departmentally at the contractor's expense.

Repair works.—The existing metalled and fair weather roads and culverts and bridges were maintained throughout the year.

We are lucky in having the services of Mr. Keddie. The improvement in all kind of work since he came has been very great. Not the least of his good work is his treatment of such contractors as attempted to give us their exceedingly bad work.

The rapid and satisfactory completion of the Nawada road is due to Mr. Keddie's activity.

In consequence of the number of large rivers, torrents in the rains and weary stretches of deep sand in the dry months, all running northwards from the hills through the district, cart traffic may be said hardly to exist. Bridges and carts will probably come in together.

No. dated Gya, the 8th January 1885.

From—The Members of the Audit Sub-Committee, Gya,

To—The Chairman of the District Road Committee, Gya.

WE have the honour to report the result of our examination of the Gya District Road Fund accounts for the year 1883-84, ending 30th September 1884.

The entries in the annual accounts have been found to tally with those of the monthly accounts.

All the prescribed books have been properly kept, and they are brought up to date. The vouchers were examined and cancelled at the time of auditing monthly accounts.

The Accountant Baboo Bipin Behari Ghose has as heretofore kept the accounts well.

Statement shewing particulars of the meetings of the Gya District Road Cess Committee during the year 1883-84.

J. BOXWELL,
Chairman.

No. 178, dated Arrah, the 23rd January 1885.

From—P. NOLAN, ESQ., Chairman, District Road Fund Committee, Shahabad,
To—The Commissioner of Revenue, Patna Division, Bankipore.

I HAVE the honour to submit in duplicate the annual accounts of the Shahabad District Road Fund for the year ending on the 30th September 1884, with the prescribed report. The accounts have been audited and passed by a Sub-Committee duly appointed under section 179 of Act IX (B.C.) of 1880.

2. *Working of the Act in matter of collections.*—The demand amounted to Rs. 1,45,464 current and Rs. 21,425 arrears, making a total of Rs. 1,66,889. The collections were Rs. 1,27,163, remission Rs. 13, leaving a balance of Rs. 39,713. As the outstanding debt has increased, the result is unsatisfactory. It is ascribed to two causes, *firstly* the badness of the harvests, and *secondly* the growing acquaintance of the zemindars with the facilities afforded by the law for delaying payment. It appears to me that our present system of collecting the land revenue with the utmost strictness, and the charges imposed on land for public works and road are merely as judgment debts, as to which it is notorious that the

creditors difficulties only begin when he has obtained a decree,' is inconsistent. There is no distinction between the public charges on land, and it follows that we are either too severe in the one instance or too lax in the other, or perhaps that the wise course would be intermediate between these extremes. The Additional Commissioner of Patna, lately issued a circular as to sales upon certificate which, if strictly carried out, will occasion for the delays, and greater arrears, though it may correctly explain the proper procedure. Among other formalities to be observed, he directed that in every instance before selling an estate for arrears, a search should be made against it in the Registrar's office to ascertain all incumbrances.

3. *Working of the Sudder and Branch Committees.*—The District Committee met three times during the year. The Act contemplates the allotment of the funds at the disposal of the Committee once for all at the commencement of the year, on a budget sanctioned by the Commissioner, and if this most important work is properly performed, there is little to do afterwards. The Fipancial Committee sees to the audit of all accounts. The Buxar Branch Committee met eight times; the Bhabooah, three times; the Sasseram, five times, excluding cases on which there was not a quorum.

4. *Audit of monthly accounts.*—The monthly accounts were regularly audited by a standing Sub-Committee, formed under section 174 of the Cess Act IX (B.C.) of 1880, consisting of the Vice-Chairman and two non-official members, before they are submitted to the Accountant-General, Bengal. The accounts were found by the Audit Committee in fair order.

5. *Inspection of accounts.*—The offices of the Chairman and District Engineer were inspected by the Examiner of Local Fund Accounts, Bengal, on the 21st and 22nd March 1884, and found in a satisfactory condition. His remarks are noted below.

"The District Engineer's Office was inspected by the Divisional Superintendent of Works, on the 30th November 1883, and the prescribed books and registers seem to be maintained with care and regularity by the Accountant, Baboo Heramba Chandra Chuckroverti."

CHAIRMAN'S OFFICE.

"The Committee's Accounts are also well kept and were up to date."

6. *How the different Establishments worked during the year.*—The establishment worked satisfactorily during the year, except that under the Buxar Branch Committee.

7. *Working of the Branch Committees.*—There are three sub-divisions in Shahabad, and in each a Branch Committee has been established with independent powers. The Branch Committees at Sasseram and Bhabooah worked well, that at Buxar, indifferently.

8. *State of roads.*—The principal original works carried on during the year were the metalling of the roads from Doomraon to Teudooni, which completes the line of communication between Buxar and Sasseram, and metalling the road from Arrah to Sasseram. The former was completed during the year and the latter has been subsequently finished. These roads have taken five years to construct, and they open out the district by connecting the Grand Trunk Road, which runs east and west, with the East Indian Railway. The total expenditure on original works during the year was Rs. 46,566.

9. *State of roads.*—The existing roads were maintained during the year in fair repair. All metalled roads were kept in good order, and the other roads were repaired immediately after the rains, but most of them were unavoidably a good deal cut up by traffic during the season, and became difficult during the rains.

10. *Village roads.*—Thirty-nine miles of new village roads were opened during the year in the Sudder Sub-division, and a good deal of work was also done in this direction by the Branch Committees.

Arboriculture:—One hundred and thirty miles of roads was planted in recent years with valuable trees and the protection of this plantation absorbed the resources available in 1883-84, for arboricul ure.

The floods of the Sone and the Ganges destroyed a great number of young trees.

3. *Working of the Road Cess Act.*—The Cess Act has worked smoothly, and the people of the district seem now to understand the purpose for which the cess is imposed, and are careful to see that roads are kept in order.

4. *Collection and assessment.*—The maximum rate of cess was levied during the year under report. The Road Cess Deputy Collector will submit a separate report on the subject.

5. *Government and private contribution.*—Committee received during the year Rs. 10,000 from Government for the improvment of the Koorlahya Ghât road, undertaken to give employment to the distressed people of the flooded tracts in the Seetamarhee sub-division, and Rs. 251 from the Manager of Sirsa Indigo Factory for repairing the village road from Berhampura to Sain.

6. *The working of the District Committee.*—There have been nine meetings held by the District Committee during the year under report, with the average attendance of 6 4 The members present took considerable interest in the proceedings, and discussed with interest and attention the business laid before them, several giving considerable assistance in the supervision of the expenditure of the grants made for surface repairs.

7. *Working of the Branch Committee.*—There are two Branch Committees in the district, *i. e.* at Hajeepore and Seetamarhee. The former exercise the independent powers under section 164, and 165 of the Act, while the latter work under the District Committee. The Hajeepore Branch Committee held 10 meetings and that of Seetamarhee six, with a fair average attendance of members who displayed reasonable interest in considering the subjects placed before them. Both the Branch Committees fully utilized the services of the District Engineer.

8. *Working of the Finance Sub-Committee.*—The Sub-Committee met regularly every month to audit and pass the Committee's monthly accounts and took great care in scrutinizing the prescribed books &c. kept in the offices of the District Committee and the District Engineer.

9. *Original works*—The following is the discription of principal original works carried out during the year:—

(1). *Improving the Koorlahya Ghât Road No. 4 from Mozufferpore towards Seetamarhee.*—The greater portion of earthwork in raising the road above the highest flood level has been executed, one timber viaduct of four spans of 25 feet and one masonry bridge of five spans of 12 feet, have been built during the year, and the condition of the road will be greatly improved, on completion of the remaining proposed bridges and culverts.

(2). *A timber bridge of 6 spans of 25 feet each over the Bya River at Deoriaghat on the Deoria road.*—This bridge has been completed and the communication improved, *firstly* from Mozufferpore to Chupra *viâ* Deoria and Sohasighat on the Gunduck River, and *secondly*, from Hajeepore and Lalgunge to Sahibgunge towards Bethia.

(3). *A timber bridge of 5 spans of 25 feet each over Bernamon on the Durbhunya road No 1.*—Materials for this bridge have been collected, but the construction has been delayed until pile engines should be disengaged elsewhere.

(4). *A timber bridge of 6 spans of 25 feet each over the Puranidhar Bagmutty River at Barmiadgunge Ghât on the Shewhur road*—This bridge has been completed and by its construction the communication between Seetmarhee and Sewhur and the southern parts of Motiharee has been improved.

(5). *A timber bridge of 4 spans of 25 feet each over the Adhwara River at Koomaghat on the Buthuaha road No. 80 from Seetmarhee to Sursund*—This bridge has been completed satisfactorily, and its construction together with the proposals, if carried out, of a scheme under consideration, will complete the communication between Seetamarhee and Sursund and the Nepal Frontier.

(6). *Metalling the heavy portions of the Lalgunge road*—First two miles from Hajeepore have already been metalled, and materials for the next three miles have been collected. On the completion of this important work the large traffic between the two towns of Hajeepore and Lalgunge, which is now to a considerable extent impeded by the road becoming heavy for loaded carts during the dry season owing to the Sandy nature of the soil, will be greatly facilitated.

(7). *A dâk bungalow at Hajeepore*—The extension of the Tirhoot State Railway from Mozufferpore to Hajeepore having brought the line close to the old dâk bungalow and the Railway authorities having taken it over for their own purposes, a new building with out-offices has been constructed at a cost of Rs. 4,516-12 5. The bungalow is now in use and answers the purpose for which it has been built.

(8). *A rest-house at Seetamarhee.*—The want of accommodation at Seetamarhee for travellers and others, whom business might call there, has been much felt, and to remedy this, an estimate amounting to Rs 4,001 was framed and sanctioned for constructing a rest-house with out-offices. The building has been finished and is now in use

Besides the above, 51 minor bridges and culverts have been built, and 15 platform bridges have been arched over during the year.

10. *Repairs.*—Out of 1,580 miles of roads, 1,460 miles were repaired through the agency of the Vice-Chairmen of the Branch Committees, Indigo Planters and other gentlemen resident in the district. The repairs of the remaining 120 miles of roads, the filling in of gaps and repairs to approaches, bridges and culverts and the metalled portions of roads, were under the direct charge of the District Engineer, and executed satisfactorily. None of the roads in the district were affected by flood which was much below the average rise. The roads

throughout the district have received careful attention, and their condition has been generally good during the year under report.

11. *Arboriculture.*—The trees that were planted in the previous years, with the exception of those abandoned in the year 1882-83, owing to the narrowness of some of the roads, have been well looked after.

12. *Village roads.*—The outlay under this head was Rs. 838 during the year. The repairs were undertaken by the Managers of Indigo factories, and the zemindars of villages benefited thereby.

13. *Public Works Establishment.*—The District Engineer reports that satisfaction has generally been given by the present establishment. One overseer was dismissed in October 1883, for falsely certifying for payment, work which had not been executed. His place has been filled up by a fully qualified man. One Sub-overseer has been re-transferred to the Public Works Department, as his age incapacitated him for active work. His place has also been satisfactorily filled up.

14. *Committee's Office Establishment.*—Originally there were two Accountants, namely one attached to the office of the District Engineer, and the other to that of the Road Fund Committee. In December 1883 the former post was abolished, and its incumbent Baboo Ramjibon Ghose was promoted to the latter on an increased pay of Rs. 100 a month. Notwithstanding that the post of the Accountant in the District Engineer's office has been abolished, Baboo Ramjibon Ghose has to perform the duties of that office as well as those of that of the Committee, and I am glad to hear that he has been discharging the two-fold duties of his office ably and efficiently. The subordinate clerks also continue to give satisfaction.

15. I consider that Mr. Davies, District Engineer, is a good man of business, and has done his work in a satisfactory manner.

H. W. C. CARNDUFF,

Vice-Chairman, Dist. Road Committee, Mozufferpore.

WE do hereby certify that we have examined and found the District Road Fund Accounts for the cess year 1883-84 to be correct.

H. W. C. CARNDUFF,

Vice-Chairman, Dist. Road Committee, Mozufferpore.

GOURISHANKER BISWAS, *Member.*

MOZUFFERPORE, *the 10th December* 1884.

No. 124, dated Durbhunga, the 27th November 1884.

From—The Chairman, District Road Committee,

To—The Commissioner of the Patna Division.

As required under section 179 of Act IX of 1880 (B.C.), I have the honour to submit the following report on the working of the District Road Department of this district, during the last cess year (1883-84).

District Committee.—During the greater part of the year the total number of members on the Committee was 23 only, but at the end of the year two new members were appointed making the total 25. A statement is annexed showing the particulars of the attendance of the members.

The attendance was not, in my opinion, altogether satisfactory; but individual members, particularly Europeans, took great interest locally in the Committee's work and rendered material help by undertaking the repairs of several district and village roads.

Branch Committees.—There are two Branch Committees in the two outlying sub-divisions of the district, viz: Madhubani and Tajpore. The work done by them consisted in securing the repairs of village roads including the bridges in their repective jurisdictions. I beg to annex extracts from the reports received from the Chairman of these Branch Committees. Mr. Earle writes: "The Sub-Committee nominally consisted of six members (one official and five non-officials), of the five non-officials, three are Europeans and two are native gentlemen. Of the two native members one Baboo Goundat Pershad Narayan died lately and the other Baboo Suriydeo Narayan, has never put in an appearance at any of the meetings, so that they can no longer be considered as members. The other members are W. Crowdy, Esq., R. Abercrombie, Esq., and E. MacNaughten, Esq. There were two meetings, convened during the year, in both of which Mr. Crowdy attended only. This shows that as a deliberative body, the Sub-Committee has been a failure during the year. Mr. Reily says, "One meeting was held on the 15th December 1883 at which the accounts for 1882-83 were passed and arrangements were made for spending the money sanctioned for 1883-84. The policy described in previous year's report of Mr. Faulkner, was followed again during 1883-84. The Committee allotted a round sum to each member or other gentlemen who undertook to repair the roads in his neighbourhood, leaving the details of expenditure entirely to him."

On the subject of Committees, I will make a few brief remarks. I think the District Road Committee should meet at least once every month, to discuss generally district and village road matters, and at any rate to pass accounts if there is nothing special to do. I find, however, that members care very little of road matter relating to any other part of the district than that in which they reside. Another is but natural. In respect of roads near their houses they are keen to see that the requirments of each case are met, and the money judicially expended. I think the Members of Committee should meet every month to talk over the general condition of roads in their neighbourhood, and to draw the attention of the Chairman or Vice-Chairman or District Engineer, to the progress of work being done in the several roads. A wholesome check is thus provided in the work of subordinates. The Madhubani Branch Committee, I think, is too large and wieldy, with its great redundancy of members; it met only once, and then only to make the different allotment of village road funds. I may remark of the District Road Committee of Durbhungah, that its tone is very independent, and on the whole, it exercises a wholesome influence.

Income.—The total income of the Committee during the year amounted to Rs. 1,81,456-4-3, as will appear from the accounts.

The principal item was the road cess.

The Revalution of estates having been completed during the year before last, there was considerable increase in the income under this head. The total demand of the year was Rs. 2,10,518 against Rs. 1,69,195 of the year before last; and as the year commenced with an unrealized balance of Rs. 39,136, the total realizable demand was Rs. 2,49,654. Of this sum Rs. 1,66,531 were realized including arears, and Rs. 1,537 were remitted on account of amendments of the valuation of certain estates, leaving a balance of Rs. 73,609, at the end of the year.

This balance was made up as follows:—

	Rs.
Previous year's arrears	12,346
Current year's demand	61,263
	73,609

The percentage of arrears on the total demand was therefore 21 against 14 of the year before last. But this increase in the percentage is only nominal. A sum of Rs. 25,753, was realized on account of last year in October after the Doorga Poojah holidays, as the latest day of payment of land Revenue fell after the holidays. If this sum be deducted from the total arrears, the percentage of the remaining balance will be Rs. 11 only on the total demand. Considering the bad outturn of the harvests last year, and the high prices of food-grains from which the people sufferred and are still sufferring, this result of the collections can by no means be called unsatisfactory.

Expenditure.—The total expenditure during the year was Rs. 1,88,076-6-1, under the several heads as detailed in the accounts.—

Original Works.—The following original works were done during the year.—

1.	Masonry culverts and bridges	18	
2.	Metalling with jamma and kunker	7	miles
3.	Remodelling of road (earthwork)	9	"

Besides the above, three very large light iron bridges, the work on which has been in progress for the last two years were completed.

Tree-planting.—No work was done under this head, and no provision for it was made in the budget, the Durbhunga Raj having agreed to undertake the planting of new trees and

the ma'.ntenance of the old throughout all roads passing through his estates. But I consider this provision insufficient, and I will write to the sub-divisional officers and the Europeon planters of this district asking them, whether, if funds are provided, they will undertake to plant trees and maintain them along certain district roads.

Repairs.—The total amount spent under this head, was Rs. 91,743-4-4, of which sum Rs. 13,575 represented the expenditure on village roads.

Of the total mileage 640, on district roads 115 miles of road were repaird through the agency of the Sub-Divisional Magistrates and the planters of the district. The assistance of the European planters proved to be a great help to the Committee, and the work done was also excellent with few or no exceptions. In the Madhubani Sub-Division particularly, where the Sub-Divisional Officer took great interest in seeing that effective repairs were done and in checking the expenditure, excellent work was done by European planters and others. Mr. Reily says "I have inspected almost all the roads repaired and bridges repaired and constructed, and the work done is good, and the money appears to me to have been usefully expended. A great portion of the money has been spent in making pucca culverts; and if this policy is continued, as I think of doing in a few years, almost all the roads will have pucca culverts or bridges, by this means more money will be able to be expended on earthwork and raising the level of roads where it is low.

"All those who have spent the road cess money seem to take an interest in the matter; and are quite willing to continue their exertions in that respect, excepting Mr. Lloyd who has explained his inability to undertake any road cess work this year."

"I would remark that I would have been glad if the Road Cess Committee at Durbhunga would have allotted this sub-division a larger sum than Rs. 6,000 for expenditure on roads during the year. The large extent of the sub-division, the net work of roads within its limits, added to its importance, give it a claim to a larger amount of money to be spent on roads and bridges." With Mr Reily's remark in respect of the advisibility of constructing bridges and culverts wherever practicable, funds being available, I quite agree.

The District Engineer was entrusted with the construction of all larger bridges and earthwork repairs. The most important work done under this head was the construction of masonry arches where a large number of wooden-top, old and delapidated culverts existed.

The state of the road in Durbhunga, I am sorry to say, is not at all satisfactory. The surface of the roads was kept scarcely passable and the breaches caused by floods were not filled up promptly, it is said that the existence of broken bridges everywhere proved to be a great drawback; be that as it may, it was I can testify a source of great inconvenience and of reiterated complaint from the public. As has been reported in the previous years, the roads in this district abound in old and delapidated tar wood bridges which were constructed during the famine of 1874. Until these wooden bridges are all replaced by masonry culverts, doubtless the roads can never be put into a proper and satisfactory condition. But the District Engineer ought undoubtedly to take steps to prevent a complete collapse of these bridges If a rotten plank or beam were replaced now and then or a nail hammered in occasionally, a bridge though a tar wood one, would last much longer than when it is utterly neglected and allowed to fall to pieces of its own accord.

Village roads—The amount orginally sanctioned for village roads in the Sudder Sub-Division was Rs 5,000, but during the middle of the year an additional sum of Rs. 2,461-5-9 was sanctioned for the purpose of carrying on certain works with the view of affording relief to the people in the eastern part of the sub-division who were supposed, though not a good ground, to be sufferring from a partial failure of the crops

The allotments for the Madhubani and Tajpur Sub-Divisions were Rs. 6,000 and Rs 5,000, respectively.

The whole of these allotments was spent to the best advantage, though in the accounts no expenditure appears against the Madhubani Sub-Division, owing to the non receipt of detailed accounts from the planters and other gentlemen to whom advances were made for the purposes of road repairs. The work in sub-divisions was done entirely under the supervision of the Branch Committees.

The annual accounts are herewith submitted in duplicate. They have been only [illegible]ited and examined under section 179.

No. 142, dated, Chupra, the 22nd December 1884.

From—A. FORBES, ESQ., Chairman, District Road Cess Committee, Sarun
To—The Commissioner of the Patna Division.

I HAVE the honour to forward herewith in duplicate, the Report and Annual Accounts of the District Road Cess Committee of Sarun for the cess year 1883-84.

No. A, dated Chupra, the 13th December 1884.

From—H. LEE, ESQ., Vice-Chairman, District Road Cess Committee, Sarun.
To—The Chairman, District Road Cess Committee, Sarun.

I HAVE the honour to submit herewith, a detailed account of the receipts and expenditure of the Sarun District Road Fund for the cess year 1883-84.

2. With the exception of the works noted in the explanatory sheet, all other works provided for in the budget were completed.

3. All original works and repairs in the Sewan sub-division were executed by the Sewan Branch Committee, and those in the Gopalgunge Sub-Division, excepting original works on the main roads, were executed by the Gopalgunge Branch Committee.

4. Rupees 12,177-6-4 were spent on the improvement and repairs of village communications. The works were for the most part carried on by the managers of factories and native zemindars.

5. *The main roads.*—There were seven miles of new metal laid. There were already 52½ miles of metalled roads and these were kept throughout the year in perfect order. The *kutcha* roads were maintained in fair order.

6. No serious damage was done to any of the district roads by flood, except that portions of the 47th and 52nd miles of the Chupra Goothuy Road were encroached upon and carried away by the Gogra. At these places, the road will have to be retired. This has, however, previously been done and a new alignment is probably necessary.

7. Two miles of road in the Chupra Sub-Division and two miles in the Sewan sub-Division were planted with trees, and about 200 new brick protections constructed. All the trees that were planted in previous years were properly taken care of and maintained.

8. The establishments, both in-door and out, worked on the whole excellently well.

Explanatory sheet to accompany the annual accounts

Cess on lands.—The explanation regarding the short collection of cess will be submitted separately in the administration report of the Cess Department.

Process fees.—Rupees 485 8 shown under this head were due for the period prior to the introduction of the system of realising talabana fees by court-fee stamps.

Miscellaneous.—Rupees 2,916-2-4 realised on account of interest on cess on lands have been shown under this head, as per orders of Bengal Government conveyed in their Resolution No 1795R C of 23rd May 1884.

Contribution of Rs. 1,300 payable from the provincial funds was not realised within the year, as owing to a mistake in the treasury accounts, the above sum billed for was placed to the credit of some other department instead of road fund. It has been credited in the accounts for November 1884

Refund of cess.—Out of Rs. 30-4-10 refunded from this head, Rs 2-4-8 represent the sum to be credited to dak and embankment cesses, Rs 25-2 2 to revenue deposit, Rs 2-6-0 were payable to the pound-keeper of Pursa for the feeding charges of cattle attached for the arrears of road cess, and the remaining 8 annas were to be credited to talabana account.

Collection establishment.—Travelling allowance Rs 81-6 11 was given to the naib nazir for going into the mofussil for the realization of cess arrears.

The figures in red ink with *plus* signs indicate the extra sums sanctioned by the Committee after the preparation of the Budget estimate, and those with *minus* signs represent the sums transferred to other works. The statement of re-appropriation shows in detail the transfers made from one work to another

The explanations relating to works which have not been touched or which have exceeded the budget grants are given in District Engineer's No. 209 of 12th December 1884, an extract from which is annexed.

The unadjusted outstanding advances at the close of the year were as detailed under :—

H. LEE,

Vice-Chairman.

Extract from the District Engineer's letter No. 209 of the 12th December 1884.

(*a*). The construction of a bridge over the Ghoonry on Meergunge-Sutterghat road was deferred pending submission of a project, and hence no expenditure was incurred on it last year.

(*b*). There was a Government ferry boat plying in the river Jharai, 44th mile, Chupra-Goothny Road, consequently the construction of a temporary bridge at the spot was not necessary and disallowed.

(*c*). A melani boat for ferry purpose at Myrwa was built last year, but payment was not made; the amount, however, has been reappropriated for expenditure in this year.

(*d*). A melani boat for ferry purpose at Chainpore (same remarks as above).

(*e*). Pending submission of a project, the improvement of cart track 1st-3rd mile of Sewan-Lukree road was not undertaken.

(*f*). Metalling at Burrowlee Bazar. The execution of this work was also deferred pending submission of a project for feeder road.

(*g*). The amount put down for a three opening [illegible] on 23rd mile of Sewan-Kuteya road was already spent in last year in making payment for bricks supplied by a contractor.

(*h*). Constructing a 5-feet culvert on 9th mile of Gopalgunge-Buturda road. Bricks only made and paid for, construction pending project.

(*i*). Constructing a two opening bridge on 9th mile of Gopalgunge-Buturda road. Bricks only made and paid for (same remarks as above).

(*j*). A 6-feet culvert on 10th mile of Gopalgunge-Buturda road. Bricks only made and paid for (same remarks as above).

(*k*). A two opening bridge on 11th mile of Gopalgunge-Buturda road. Bricks only made and paid for (same remarks as above).

(*l*). Raising a portion of 3rd mile of Gopalgunge-Buturda road. Bricks only made and paid for. Not undertaken pending submission of project.

(*m*). Constructing a two opening bridge 8 feet each on 2nd mile of Saddowa-Sarfra road. Disallowed. Diversion of road being recommended as preferable.

Nos. 6, 13, 16, 28, 29, 35, 41, 43, and 51, 4, 18 and 22.

ii. (*a* and *c*). The repairs of bridges on the roads in the Chupra and Sewan subdivisions marginally noted were not done, as contractors could not be obtained.

(*c*). Damages done on a portion of road No. 5 by flood were thoroughly repaired, and the expenditure added to that for the whole road.

(*d*). Repairs to the approaches to the bridge on road No. 13 were not carried out, as contractors could not be obtained, nor could the work be done departmentally at rates.

iii. The excesses noticed are very small and were unavoidably necessary. Such variations must occur in repair estimates, where the state of bridges, &c., cannot be accurately ascertained until opened up. There were also large savings effected on some other works; and these could be made available to meet the excesses alluded to.

H. LEE,
Vice-Chairman.

No. 131, dated Motihari, the 7th January 1885.

From—E. R. HENRY, Esq., Collector and Chairman, Chumparun,
To—The Commissioner of the Patna Division.

WITH reference to the circular No. 973A. of the 14th September 1880, forwarded with your No. 283J. circular of the 25th September 1880, I have the honour to submit the annual accounts and report* of the District Road Fund for the cess year 1883 84.

* In duplicate.

The balance left unrealized is a sum of Rs. 19,609 on the last day of the cess year; a sum of Rs. 3,751 was, however, paid into the treasury on the 6th October 1884, the last day of the kist. This unusually large balance in the unrealized demand is mainly owing to introduction of a new procedure in the working of the Certificate Act. There were four meetings of the Sudder District Road Cess Committee held during the year, the particulars of which will be found in the accompanying statement.

The Chainputtia bridge over the Sekrahna river was commenced in December of last year, and will be completed during the current year. This bridge, which is 400 feet long, is the largest original work ever carried out by the Chumparun Road Cess Committee out of their own funds.

The bridge, when completed, is expected to give a stimulus to the traffic between Nepal and this district, as a road leading from Bettiah over the Chainputtia bridge is being carried on to Bikna Thoree on the frontier, and ... outlet is thus provided for the produce of the fertile Chitoura valley of Nepal.

The immense relief which this bridge will afford to outer district traffic is obvious, and it was mainly upon this consideration that the Road Cess Committee agreed to contribute the large sum of Rs. 27,874 at their meeting held at Segowlee on the 15th August 1883.

Eight hundred and seventy-five miles of road have been repaired during the year under report and kept in good order; also about 179 miles of village roads repaired, and six bridges and culverts have been built.

Sixteen thousand five hundred and seventy trees have been planted along the sides of roads, which will serve admirably as demarcation marks, and effectually protect the roads from the incessant encroachments which are being made upon them by cultivators holding lands which are contiguous to the road.

There is a Branch Committee at Bettiah in this district, and an allotment for expenditure on village roads is placed at the credit of the Chairman, Branch Road Cess Committee, and all works during the year were carried out under the direct supervision of its Chairman, with the exception of the Patilarh bridge, which was constructed under the immediate supervision of the District Engineer from funds provided by the Branch Committee.

No new roads were made during the year under review. There was no meeting of the Bettiah Branch Committee during the year under report.

The different establishments worked satisfactorily during the year.

Form of Audit Certificate.

We hereby certify that the books and accounts specified below,* prescribed for the road cess office and for the office of the District Engineer, are duly kept up, and that they have been posted for the year 1883-84, and have been duly scrutinized by the sub-committee.

Also that the Treasury Officer's abstract of the account of the committee for the year has been duly received, checked with the cash and pass-books, and found to agree therewith (except in respect of uncashed cheques which are above enumerated, and have been duly noted in the cash-book).

That the vouchers for the payments of the year have been cancelled.

That all necessary steps have been taken for the recovery or adjustment of outstanding advances.

That none but duly sanctioned expenditure has been incurred, and that in the case of original works, the register of monthly expenditure shows clearly the amount of sanctioned estimate, the grant for the year, and the expenditure on each work to end of the year.

And generally that the work of the office has been performed with carefulness and regularity, and with a due observance of the rules prescribed by Government.

* (A) In Road Cess Office :—(1) Cash-book ; (2) Cash abstract book ; (3) Register of monthly receipts and expenditure ; (4) Account and advances.

E. BOVELL, H. NOON,

Vice-Chairman.

No. 143G., dated Bankipore, the 10th March 1885.

From—F. M. HALLIDAY, ESQ., Commissioner of the Patna Division,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to forward herewith, in original, the annual accounts and reports of the several District Road Cess Committees in this division for the cess year 1883-84, and to add the following remarks.

1. The total receipts of the division during the year under review were Rs. 14,61,248, including "advances" and "deposits," and the balance of the previous year. Thus :—

DISTRICTS.	Balance of cess year 1882-83. Rs.	A.	P.	Net receipts during 1883-84. Rs.	A.	P.	Advances and deposits. Rs.	A.	P.	Total. Rs.	A.	P.

* Overdrawn from the treasury.

Out of this sum Rs. 13,246 were contributed by Government as grants in-aid as follows, viz. Rs. 10,000 for the improvement of the Korlia Ghât road which was undertaken by the District Road Cess Committee, Mozufferpore, to give employment to the distressed people of the flooded tracts in the Sitamarhee sub-division, and Rs. 1,584 and Rs. 1,662 for the improvement of communications in Government estates in the Gya and Shahabad districts respectively. Private contributions amounting to Rs. 8,398 and Rs. 251 respectively were also received from the Maharani of Ticari for the improvement of the Ticari road in the Gya district, and from the Manager of the Sirsia Factory for the repairs of a village road from Berhampore to Sain in the Mozufferpore district.

2. The expenditure of the year amounted to Rs. 12,77,783, leaving a balance of Rs. 1,83,464 at the hands of the several Committees, at the close of the year.

The following is an abstract of the estimated and actual outlay on the original and repair works, and on the establishment of the several Committees, as contracted with the actuals of the previous year.

Total ...	5,63,461	3,80,432	5,15,972	4,29,801	2,05,051	2,07,579	4,23,208	4,45,929	2,32,645

3. The expenditure on original and repair works during the year, as will be seen from the above statements, was Rs. 3,80,432 and 4,29,801, respectively, against the budget allotment of Rs. 5,63,461 and Rs. 5,15,972. The outlay on these items during the previous year was Rs. 4,23,208 and Rs. 4,45,929 respectively. Thus the expenditure under these heads during the year under notice was not only considerably less than that of the previous year, but in the case of the original works it fell short of the budget allotment by 32 per cent. This may to some extent be accounted for as the result of the temporary check put upon some of the districts against the indiscriminate expenditure of money on works for which no properly prepared projects or duly authorized sanction had been previously obtained, and partly also from the non acquisition of land required in sufficiently early time to admit of the projected works being carried out in the time originally contemplated. A much better result is however confidently expected for the current year.

4. There are altogether, as will be seen from the statement given below, 8,098 miles of roads in charge of the several District and Branch Committees in the Division.

DISTRICTS.	1st class.	2nd class.	3rd class.	4th class.	Total.
Patna	108¼	211	153	123	595¼
Gya	168 1/16	409¼	342½	9½	929 1/16
Shahabad	201	139	104	1,065½	1,509½
Sarun	297¼	443	125½	184½	1,050¼
Durbhunga	142¾	326¾	149	866½	1,484¼
Mozufferpore	Nil.	1,000½	120	362½	1,483
Chumparun	Nil.	805	130	111	1046
Total ...	917¾	3,334½	1,124	2,721 9/16	8,098½

Out of this only 917 miles or 11 per cent. are first class or metalled roads; 3,334 miles or 41 per cent. second class or roads raised and bridged or partially bridged, but not metalled; 1,124 miles or 14 per cent. of third class or roads simply raised to a certain extent, but neither bridged nor metalled; and 2,722 miles of fourth class or village roads and tracks.

Thus in the whole division there are 89 per cent. of second, third, and fourth class roads taken together against 11 per cent. of first class; and in the Mozufferpore and Chumparun districts there are at present no first class roads at all. Apart, therefore, from the usual ordinary maintenance of these communications, which on an average cost Rs. 4,32,000 annually, there are ample works to engage the attention of the Committees for several years to come in the way of metalling, bridging, raising, and generally improving the conditions of the already existing roads, leaving alone the question of opening out new lines of communications.

5. The cost of the various establishments under the several Committees amounted to 2,07,579 (exclusive of the establishments of the Divisional Superintendent of Works), or Rs. 25½ per cent. on the total outlay on original and repair works, and 20½ per cent. on the net aggregate income of the several Committees during the year, the limit imposed in section 135 of the Cess Act being 25 per cent. of the net receipts of the year. In comparison with the actuals of the previous year, the expenditure under this head has been reduced by Rs. 25,066. This is due to the abolition of the extra establishments entertained in the Patna; Sarun and Durbhunga Districts for revaluation works, which were completed during the cess year 1882-83, resulting in an increase of the available income of the division by Rs 88,465,* already reported when submitting the budget estimates of the current year.

6. The Cess Act continued to work smoothly, but complaints have been made in regard to the difficulty and delay in the recovery of arrears under the Certificate Act, and this matter has been reported to the Board in the Cess Administration Report of the past cess year.

7. All the District Committees in the division have generally worked well during the year, although in the case of the Gya and Durbhunga districts the attendance on the part of some of the non-official members has been reported to be irregular.

The working of the Branch Committees named in the margin was, however, not so satisfactory. They do not appear to have taken much interest in their work, as may be gathered from the fact that during the whole of the year only one meeting was held by each of the Committees at Barh, Nowadah, and Tajpore, and two meetings by the Committees of Aurungabad and Madhubani, whilst the Bettiah Committee held no meetings at all.

8. The expenditure incurred under the head "Establishment" of the Divisional Superintendent of Works during the year under report amounted to Rs. 15,576-3-11 against Rs. 16,529 of the previous year, and was realized from the several Committees in the proportion of their income, as shown in the margin.

9. I have again to put on record my acknowledgments to Mr. Joll, the Divisional Superintendent, for the able manner in which he has so thoroughly performed the duties of his office in the constant and efficient supervision of the Road Cess works in the several districts of this large division.

E. HUTTON, Presy. Postmaster.

General Post Office, the 10th June 1885.

Overland Parcels for and from the United Kingdom.

Light parcels, not exceeding 7lb in weight, posted in India.

1. From and after the 1st July 1885, parcels not exceeding 7lb in weight, which may be posted at any Post Office in India for transmission to the United Kingdom, will be forwarded under special arrangements with the British Post Office as mails, and delivered free of charge (except Customs dues, if any) at the addressee's residence, through the medium of the British Post Office.

NOTE.—Parcels containing tobacco, sent from India to the United Kingdom, will be charged on delivery with a fine of 6*d*. per lb in addition to duty.

Heavy parcels exceeding 7lb, but not exceeding 50lb, posted in India.

2. Parcels exceeding this weight will be forwarded under the same conditions as at present through the P. & O. Company.

Dimensions of parcels.

3. Hitherto the dimensions of all foreign parcels have been 2 feet × 1 foot × 1 foot. In future the dimensions of parcels sent to the United Kingdom only, whether sent through the British Post Office or through the P. & O. Company, will be the same as in England, viz. not exceeding 6 feet in girth and length combined, or 3½ feet in length. The minimum size of a parcel will continue to be 3 × 2 × 2 inches.

NOTE.—The previous dimension of 2 feet × 1 foot × 1 foot gives a total of girth and length combined of 6 feet.

Route.

4. For the present both classes of parcels will still be forwarded by sea to London.

Rates of postage.

5. The rates on all classes of foreign parcels remain unchanged, viz. 8 annas per lb or fraction of a lb in India, and 1 shilling per lb in England. Parcels posted in India must be prepaid in cash. Light parcels posted in England must be prepaid, but heavy parcels from that country can be sent unpaid.

Light parcels posted in the United Kingdom for India.

6. Similarly, from the 1st July 1885, parcels not exceeding 7lb in weight will be received at any Post Office in the United Kingdom for transmission to India, if presented with a declaration in the prescribed form, copies of which can be obtained at any Post Office.

Heavy parcels posted in the United Kingdom for India.

7. Parcels exceeding 7lb must, as before, be sent to the Indian Parcel Post Office, 122, Leadenhall Street, or 25, Cockspur Street, London, with a letter of advice giving name and address of the parcels and value and contents.

Form of Custom House declaration prescribed for use in India.

8. All parcels posted in India for the United Kingdom, whether light or heavy, must, in future, be presented at the window, accompanied by a Custom House declaration, filled in upon one of the prescribed forms which will be supplied gratis at every Post Office. *The special attention of the public is invited to this provision.*

THE LIBRARY.

This institution has been established, at the desire and with the assistance of the Punjab Government, in order to provide a Public Library for the use of all classes in the province.

Admission to the Reading-Room is free; and books will be lent out subject to rules and subscriptions, which can be ascertained on application to the Librarian.

A large contribution of books and pecuniary support have been promised by Government; but the Committee earnestly appeal to the public for further contributions of books, both European and Oriental.

Privileges will be given to donors of twenty volumes and upwards.

Until the library is formally opened, a private donation of standard works, accepted by the Committee and valued by them as worth not less than Rs. 50, will entitle the donor to the privileges of life member. A second donation of the same value will entitle the donor to nominate a life member.

Life members will be exempt from payment of *deposits*, subscriptions and fees otherwise required by the rules.

Assistance is especially desired towards securing a complete collection of books relating to India and the East.

Societies, Institutions, and Departments of Government are invited to contribute.

Donors of books may make it a condition of the donation that any of the books they give shall not be lent out, except to the Donor.

Communications should be addressed to——The Secretary, Punjab Public Library, Lahore.

The following revised advertisement is published in substitution of that which appeared at page 1084, Part II of the *Calcutta Gazette* of the 9th July 1884:—

The Indian Law Reports,

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat; the copies for subscribers registered by Messrs. Thacker, Spink & Co., are distributed by that firm; and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1885, the terms of subscription and sale will be as follows:—

PART III.

Act of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

[Third Publication.]

THE following Act passed by the Lieutenant-Governor of Bengal in Council, received the assent of His Honor on the 6th April 1885, and having received the assent of His Excellency the Governor-General on the 15th May 1885, is hereby published for general information:—

ACT No. I OF 1885.

An Act to regulate Ferries in Bengal.

Preamble. WHEREAS it is expedient to regulate Ferries within the territories subject to the Lieutenant-Governor of Bengal: It is enacted as follows:—

Preliminary.

Short title. 1. This Act may be called the "Bengal Ferries Act, 1885."

Extent and commencement of Act. 2. It shall extend to all the territories subject to the Lieutenant-Governor of Bengal:

And it shall come into force on such date as the Lieutenant-Governor may, by notification in the *Calcutta Gazette*, appoint in this behalf.

Regulation VI of 1819 and Bengal Act I of 1866 repealed. 3. Regulation VI of 1819 and Bengal Act I of 1866 are hereby repealed; but all determinations, declarations, orders, and rules made, engagements entered into, and securities taken, under such Regulation and Act shall be deemed to be respectively made, entered into and taken under this Act.

Act not to apply to municipal ferries. 4. Nothing in this Act contained shall apply to any ferry deemed or declared to be a municipal ferry under the provisions of the Bengal Municipal Act, 1884.

Interpretation. 5. In this Act, unless there be something repugnant in the subject or context,—

"Commissioner." "Commissioner" means the Commissioner of a Division.

"Ferry." "Ferry" includes a bridge of boats, pontoons or rafts, a swing-bridge, a flying-bridge, a temporary bridge, and a landing stage.

"Notification." "Notification" means a notification published in the *Calcutta Gazette*.

"Private ferries." "Private Ferries" includes all ferries other than those declared to be public ferries, or established as such, under section six of this Act.

PART I.

PUBLIC FERRIES.

Power to declare, establish, define, and discontinue public ferries. 6. It shall be lawful for the Lieutenant-Governor from time to time to—

(*a*) declare what ferries shall be deemed public ferries, and the respective districts in which, for the purposes of this Act, they shall be deemed to be situate;

(*b*) take possession of a private ferry and declare it to be a public ferry;

(*c*) establish new public ferries where, in his opinion, they are needed;

(*d*) define the limits of any public ferry;

(*e*) change the course of any public ferry, and

(*f*) discontinue any public ferry which he deems unnecessary.

Every such declaration, establishment, definition, change or discontinuance, shall be made by notification:

Provided that, when any alteration in the course or in the limits of a public ferry is rendered necessary by changes in the river on which such ferry is established, such alteration may be made, by an order in writing, by the Magistrate of the District.

Control of public ferries vested in the Magistrate of the District.

7. The control of all public ferries shall be vested in the Magistrate of the District, subject to the direction of the Commissioner.

Superintendence of public ferries.

8. The immediate superintendence of every public ferry shall be vested in the Magistrate of the District in which such ferry is situated, or in such other officer as the Lieutenant-Governor may, from time to time, either by name or by official designation appoint.

And such Magistrate or officer shall, except when the tolls at such ferry are leased, make all necessary arrangements for the supply of boats for such ferry, and for the collection of the authorized tolls leviable thereat.

Ferry-tolls may be leased by auction.

9. The tolls of any public ferry may, from time to time, be leased by public auction for such term as the Magistrate of the District in which such ferry is situated may, with the approval of the Commissioner, direct.

The Magistrate of the District or the officer authorized by him to conduct such auction may, for sufficient reason to be recorded in writing, refuse to accept the offer of the highest bidder, and may accept any other bid, or may withdraw the tolls from auction.

Execution of contract by lessee.

The lessee of the tolls of every ferry which have been leased under this section shall execute a contract setting forth the conditions on which the tolls of such ferry are to be held, and shall give security for its due fulfilment.

Lessee of the tolls of a public ferry and his servants bound to conform to rules.

10. When the tolls of a public ferry have been duly leased, the lessee and every servant of the lessee shall be deemed to be legally bound to conform to the rules made under this Act for the management and control of such ferry.

Provision for the establishment of subsidiary ferries.

11. On the requisition of the Magistrate of the District the person in charge of a public ferry situate in such district shall maintain at one or more places, in addition to the place at which the said public ferry is established, and within two miles therefrom, such number of subsidiary ferries as may seem to the Magistrate to be necessary for the public convenience: and all the provisions contained in this Act in regard to the management and control of public ferries shall be deemed applicable to any subsidiary ferry maintained under the requisition of the Magistrate.

Recovery of arrears from lessee.

12. All arrears due by the lessee of the tolls of a public ferry on account of his lease;

any pecuniary forfeiture for breach of contract inserted in the deed of contract or conditions of sale by public auction; and

all sums due from the lessee on the surrender of his lease under section fourteen,

may be recovered from the lessee or his surety (if any) as a demand under Bengal Act VII of 1880, or any other Act at the time being in force for the recovery of public demands.

Power to cancel lease.

13. The lease of the tolls of any public ferry shall be liable to be cancelled at once by the Magistrate of the District in which such ferry is situated if it shall appear to such Magistrate that the lessee has failed to make due provision for the convenience or safety of the public within fifteen days after being required to do so by a notice in writing from such Magistrate.

Surrender of lease.

14. The lessee of the tolls of a public ferry may surrender his lease on the expiration of one month's notice in writing to the Magistrate of the District in which such ferry is situated of his intention to surrender such lease, and on payment of such reasonable compensation as the Magistrate may, with the approval of the Commissioner, in each case direct.

Power to make rules in regard to public ferries.

15. The Magistrate of the District, with the approval of the Commissioner, may, from time to time, make rules consistent with this Act—

(a) for the management of all public ferries within such district, and for regulating the traffic at such ferries;

(b) for regulating the time and manner at and in which, the terms on which, and the person by whom, the tolls of such ferries may be leased by auction;

(c) for compensating persons who have compounded for tolls payable for the use of any such ferry when such ferry has been discontinued before the expiration of the period compounded for, and

(d) generally to carry out the purposes of this Act:

And when the tolls of a ferry have been leased under section nine, such Magistrate may, from time to time with such approval as aforesaid, make additional rules consistent with this Act—

(e) for collecting the rents payable for the tolls of such ferries;

(f) for regulating the returns of traffic to be, from time to time, submitted by the lessee of such ferries;

(g) in cases in which the communication is to be established by means of a bridge of boats, pontoons or rafts, or a swing-bridge, flying-bridge or temporary bridge, for regulating the time and manner at and in which such bridge shall be constructed and maintained, and opened for the passage of vessels and rafts through the same, and

(h) in cases in which the traffic is conveyed in boats, for regulating

the number and kinds of such boats and their dimensions and equipment;

the number of the crew to be kept by the lessee for each boat;

the maintenance of such boats in good condition;

the hours during which, and the intervals within which, the lessee shall be bound to ply, and

the number of passengers, animals and vehicles, and the bulk and weight of other things that may be carried in each kind of boat at one trip,

And may, from time to time, with such approval as aforesaid, repeal or alter such rules.

Rules made under this section shall be subject to the control of the Lieutenant-Governor, and shall be published in the *Calcutta Gazette* in such manner as the Lieutenant-Governor directs, and shall thereupon have the force of law.

Private ferry not to ply within two miles of public ferry without sanction.

16. No person shall, except with the sanction of the Magistrate of the District, maintain a ferry to or from any point within a distance of two miles from the limits of a public ferry:

Provided that in the case of any specified public ferry, the Lieutenant-Governor may, by notification, reduce or increase the said distance of two miles to such extent as he thinks fit:

Provided also that nothing hereinbefore contained shall prevent persons keeping boats to ply between two places, one of which is without, and one within, the said limits, when the distance between such two places is not less than three miles, or shall apply to boats which the Magistrate of the District, expressly exempts from the operation of this section.

Claims for compensation, and what amount to be awarded.

17. Claims for compensation for any loss sustained by any person in consequence of a private ferry being taken possession of or a new public ferry, or subsidiary ferry, being established under section six or section eleven, shall be enquired into by the Magistrate of the District in which such ferry is situated, who shall, with the approval of the Commissioner, award compensation to any person who may appear justly entitled thereto. Such compensation shall be calculated upon an estimate of the annual net profit actually realized by such person from such ferry on an average of the five years next preceding such declaration, and shall in no case exceed the amount of fifteen times such net annual profit.

Tolls.

18. Tolls, according to such rates as may, from time to time, be fixed by the Magistrate of the District with the approval of the Commissioner, shall be levied on all persons, animals, vehicles, and other things crossing any river by a public ferry and not employed or transmitted on the public service:

Provided that the Lieutenant-Governor may, from time to time, declare that any persons, animals, vehicles or other things shall be exempt from payment of such tolls

Where the tolls of a ferry have been leased under section nine, any such declaration, if made after the date of the auction, shall entitle the lessee to such abatement of the rent payable in respect of the tolls as may be fixed by the Magistrate of the District under this section.

Table of tolls.

19. The lessee or other person authorized to collect the tolls of any public ferry shall affix a table of such tolls, legibly written or printed in the vernacular language, and also, if the Commissioner so directs, in English, in some conspicuous place near the ferry:

List of tolls.

and shall be bound to produce, on demand, a list of the tolls signed by the Magistrate of the District or such other officer as he appoints in this behalf.

Tolls, rents, compensation, and fines how to be appropriated.

20. Except as provided by section thirty-five all tolls, rents, and compensation received by, or on behalf of, the Government, and all fines levied under this Act, shall be appropriated in the first instance towards the payment of all charges incurred in carrying out the provisions of this Act, and the surplus, if any, shall be credited to such fund as the Lieutenant-Governor may from time to time direct.

Compounding for tolls.

21. It shall be lawful for the Magistrate of the District in which a public ferry is situated, with the approval of the Commissioner, from time to time to fix rates at which any person may compound for the tolls payable for the use of such ferry.

PART II.

PRIVATE FERRIES.

Power to make rules in regard to private ferries.

22. The Commissioner may from time to time make rules, consistent with this Act, for the maintenance of order, and for the safety of passengers and property at private ferries situated in his division.

Rules made under this section shall be subject to the control of the Lieutenant-Governor, and shall be published in the *Calcutta Gazette* in such manner as the Lieutenant-Governor directs, and shall thereupon have the force of law.

PART III.

PENALTIES AND CRIMINAL PROCEDURE.

Penalty for breach of provisions as to table of tolls, list of tolls, and return of traffic.

23. Every lessee or other person authorised to collect the tolls of a public ferry, who neglects to affix and keep in good order and repair the table of tolls mentioned in section nineteen,

or who wilfully removes, alters or defaces such table, or allows it to become illegible,

or who fails to produce on demand the list of the tolls mentioned in section nineteen,

and every lessee who neglects to furnish any return required under section fifteen,

shall be punished with fine which may extend to fifty rupees.

Penalty for taking unauthorised toll, and for causing delay.

24. Every such lessee or other person as aforesaid asking or taking more than the lawful toll, or without due cause delaying any person, animal, vehicle or other thing, shall be punished with fine which may extend to one hundred rupees

Penalty for breach of rules made under sections 15 and 22.

25. Every person breaking any rule made under section fifteen or section twenty-two shall be punished with imprisonment for a term which may extend to three months, or with fine which may extend to two hundred rupees, or with both.

Cancelment of lease on default or breach of rules.

26. When any lessee of the tolls of a public ferry makes default in the payment of the rent payable in respect of such tolls, or has been convicted of an

offence under section twenty-five, or, having been convicted of an offence under section twenty-three or section twenty-four, is again convicted of an offence under either of those sections.

the Magistrate of the District may, with the approval of the Commissioner, cancel the lease of the tolls of such ferry, and make other arrangements for its management during the whole or any part of the term for which the tolls were leased.

Penalties on passengers offending.

27. Every person crossing by any public ferry who refuses to pay the proper toll; and every person—

who, with intent to avoid payment of such toll, fraudulently or forcibly crosses by any such ferry without paying the toll, or

who obstructs any toll-collector or lessee of the tolls of a public ferry, or any of his assistants, in any way in the execution of their duty under this Act, or

who, after being warned by any such toll-collector, lessee or assistant not to do so, goes, or takes any animals, vehicles or other things, into any ferry-boat, or upon any bridge at such a ferry, which is in such a state or so loaded as to endanger human life or property, or

who refuses or neglects to leave, or remove any animals, vehicles or goods from any such ferry-boat or bridge on being requested by such toll-collector, lessee or assistant to do so, or

who moors any boat, raft, or other substance to, or in any way obstructs, any part of a public ferry,

shall be punished with fine which may extend to fifty rupees.

Penalty for plying within public ferry-course without license.

28. Whoever conveys for hire any passenger, animal, vehicle or other thing in contravention of the provisions of section sixteen shall be punished with fine which may extend to fifty rupees.

Fines payable to lessee.

29. Where the tolls of any public ferry have been leased under the provisions hereinbefore contained, the whole or any portion of any fine realized under section twenty-seven or section twenty-eight may, notwithstanding anything contained in section twenty, be, at the discretion of the convicting Magistrate or Bench of Magistrates, paid to the lessee.

Penalty for rash navigation and stacking or timber.

30. Whoever navigates, anchors, moors or fastens any vessel or raft, or stacks any timber, in a manner so rash or negligent as to damage a public ferry, shall be punished with imprisonment for a term which may extend to three months, or with fine which may extend to five hundred rupees, or with both; and the toll-collector or lessee of the tolls of such ferry, or any of his assistants, may seize and detain such vessel, raft or timber pending the enquiry and assessment hereinafter mentioned.

Power to arrest without warrant.

31. The Police may arrest without warrant any person committing an offence against section twenty-seven or section thirty.

Magistrate may assess damage done by offender.

32. Every Magistrate or Bench of Magistrates trying any offence under this Act may enquire into and assess the value of the damage (if any) done or caused by the offender to the ferry concerned, and shall order the amount of such value to be paid by him in addition to any fine imposed upon him under this Act; and the amount so ordered to be paid shall be leviable as if it were a fine, or when the offence is one under section thirty by the sale of the vessel, raft or timber causing the damage, and of anything found in or upon such vessel or raft.

The Commissioner may, on the appeal of any person deeming himself aggrieved by an order under this section, reduce or remit the amount payable under such order.

PART IV.

MISCELLANEOUS.

Power to take possession of boats and other appliances on surrender or cancellation of lease.

33. On the cancelment or surrender of a lease, the Magistrate of the District may take possession of all boats and other appliances which have been used by the lessee in the working of the ferry; and may either retain the same permanently on payment of a fair price to the proprietor, or may retain them for such time as may be necessary, not exceeding three months, until he can make arrangements for such other boats and appliances as may be necessary, in which case the Magistrate of the District shall pay a fair sum to the owners for the use of the said boats and appliances:

Provided that within a week of taking such possession, the Magistrate of the District shall be bound to give notice to the said lessee of his intention to retain the said boats and appliances permanently, or for a period to be specified in the notice.

Similar power in cases of emergency.

34. When any boats or their equipment, or any materials or appliances suitable for setting up a ferry, are emergently required for facilitating the transport of officers or troops of Her Majesty on duty, or of any other persons on the business of Her Majesty, or of any animals, vehicles or baggage belonging to such officers, troops or persons, or of any property of Her Majesty, the Magistrate of the District may take possession of and use the same (paying such compensation for the use thereof as the Lieutenant-Governor may in each case direct) until such transport is completed.

Management may be vested in District Board.

35. It shall be lawful for the Lieutenant-Governor to order that any public ferry situated in any district in which a District Board has been established under the provisions of the Bengal Local Self-Government Act of 1885 shall be managed by such District Board; and such District Board shall have all the powers vested in the Magistrate of the District under this Act except the powers specified in sections seven, seventeen, and thirty-two, and the Lieutenant-Governor may further order that all or any part of the proceeds of such ferry and all or any

part of the fines levied, and compensation received, under this Act in respect thereof, be paid into the District Fund.

And thereupon such ferry shall be managed, and such proceeds, fines and compensations shall be paid accordingly.

The Lieutenant-Governor may from time to time vary or annul any order made under this section.

Delegation of powers.

36. The Lieutenant-Governor may, from time to time, delegate, under such restrictions as he thinks fit, any of the powers conferred on him by this Act to any Commissioner or Magistrate of a District, or to such other officer or authority as he thinks fit, by name or by official designation.

QUARANTINE REGULATIONS FOR INDIAN PILGRIMS TO THE HEDJAZ.

No. 8—164, dated Simla, the 20th May 1885.

From—A. MACKENZIE, ESQ., Secretary to the Govt. of India, Home Dept.,
To—The Secretary to the Govt. of Bengal, Political Dept.

I AM directed to state that intimation has been received through Her Majesty's Secretary of State for India that the Quarantine Regulations to be applied to Indian pilgrims at Camaran during the season of 1885 are, with the exception of certain alterations which have been made by the Constantinople Board of Health, similar to those* in force last year.

*Vide Home Department Notification No. 194 (Sanitary), dated 4th July 1884.

2. The alterations are as follow: Article 8 of the Regulations has been modified so as to enforce ten days' quarantine at Camaran instead of five days', and Article 12 has been made to include pilgrim vessels arriving from Bushire, Muscat, and Zanzibar in addition to those from Bussorah.

3. With reference to the modification made in Article 8, the British Delegate attached to the Constantinople Board of Health has represented to Her Majesty's Government the great hardship which will result from the detention of the pilgrims at Camaran for ten days, owing to the small supply of fresh water on that island, and the fact that the pilgrimage of this year is likely to be very numerously attended. Her Majesty's Embassy at Constantinople has consequently been instructed by the Secretary of State for Foreign Affairs to bring the matter to the notice of the Ottoman Government with a view to obtain a reduction of the period of quarantine in the case of pilgrim vessels arriving from India. Any such reduction, if obtained, will be duly notified hereafter.

4. In the meantime I am to request that, with the permission of His Honor the Lieutenant-Governor, Notices may be widely issued to the effect that the

Quarantine Regulations applicable to the pilgrimage of 1885 will be similar to those in force last year, with the exceptions specified in paragraph 2 of this letter, which should be clearly set forth. Intending pilgrims should at the same time be informed that the supply of fresh water at Camaran is very limited, and that their detention on that island for ten days is likely to cause much hardship and suffering as well as additional expense.

NOTIFICATION.

(SANITARY.)

No. 194.—*The 4th July* 1884.—The following translation of the Regulations of the Ottoman Board of Health for the Pilgrim Traffic of 1884, received by the Political Resident at Aden from Her Britannic Majesty's Consul at Jeddah, are published for general information:—

TURKISH PILGRIM TRAFFIC REGULATIONS FOR 1884.

Article 1.

From the beginning of the month of Redjeb until the end of the month of Zilhidjé (April 27th to October 20th) the Lazaretto of Camaran is ready to receive arrivals by sea subject to quarantine.

Camaran opens only on the 6th June up to which date pilgrim ships can land at Abow-Saad
(L.S.) (Sd.) T. S. JAGO,
Her Majesty's Consul.

Article 2.

During the period of six months above-mentioned (Redjeb, Shaban, Ramzan, Shawal, Zilcadé, Zilhidjé) pilgrim ships bound from outside the Straits of Bab-el-Mandeb, no matter what be the tenor of their bill-of-health, must go directly to the Island of Camaran without touching at any other port of the Red Sea coasts.

Article 3.

Pilgrim ships are those expressly chartered for the conveyance of pilgrims going to Mecca.

Article 4.

Vessels bound to the Red Sea having on board only 1 pilgrim for every 100 tons register are not included in the class of pilgrim ships, nor are mail boats or vessels passing through the Red Sea bound to the Mediterranean and carrying such a number of pilgrims as does not exceed 5 pilgrims for every 100 tons register.

Article 5.

Vessels of the two categories mentioned in the preceding article are not obliged to go to Camaran They must go to Abow-Saad, where they will discharge their pilgrims as well as merchandise, subject to quarantine destined for the Hedjaz or for the Yemen.

Article 6.

For this purpose a Lazaretto is established at Abow-Saad as a branch of the Camaran Lazaretto, and which for arrivals specified in Articles 4 and 5 of the present Regulation will work throughout the year.

Article 7.

Arrivals from Egyptian ports, sambouks and other coasters, navigating from one port to another of the Red Sea coast, will also perform quarantine at Abow-Saad in case of necessity arising.

Article 8.

On the arrival of a pilgrim ship in Camaran Harbour, as also at Abow-Saad, according to circumstances all pilgrims shall be disembarked and undergo the usual medical examination. If the health of the ship is good and without anything suspicious having occurred on the voyage, the ship and the pilgrims shall undergo five full days' quarantine, baggage and effects will be disinfected, the ship shall be washed and purified, but the cargo shall not be landed nor purified nor taxed.

Article 9.

Ships arriving from infected ports, but which have had no cholera case during the voyage or after arrival, shall undergo, ship and pilgrims, a quarantine of ten days. Merchandise coming from places contaminated by cholera shall remain on board the ship, if there has been no cholera cases during the voyage or after arrival, and is exempt from disinfection and from sanitary fees. Exception, however, is made for old personal effects and stuffs already used—unwashed wool, old cottons, hair and feathers, raw skins and hides, and other raw animal remains, as also rags.

Article 10.

Ships having had cholera cases during the voyage or after arrival, or suspected of such, shall be subjected, ships and pilgrims, to a quarantine of at least 15 days. This quarantine shall be renewed each time a cholera case again occurs among crew or passengers after their arrival in Lazaretto, and shall date from the day of the last case of sickness. In this case the clauses in the Regulations of 1867 for cholera shall be strictly applied.

Article 11.

No pilgrim ship shall leave Camaran for good without having re-shipped, at the expiration of the quarantine, all the pilgrims brought by her. Still vessels which have completed their quarantine without cholera cases or suspected cases among the crew, shall have a right to free pratique.

Article 12.

Sambouks coming from outside Cape Bab-el-Mandeb with pilgrims are in every way assimilated to vessels specially chartered for pilgrims: they must go directly to Camaran, and shall be repulsed from all other Arabian ports or the Red Sea.

By exception, vessels coming from Bussorah with pilgrims on board bound for the Hedjaz must also go to Camaran, where they will be treated according to the tenor of their bill-of-health and the general regulations.

CALCUTTA, *the 8th June* 1885.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING FRIDAY, THE 5TH OF JUNE 1885.

At the close of the previous week the wind systems over the Province showed that the dry westerly hot-weather winds were being steadily driven back by southerly and easterly winds, and on the last day of the week the westerly current was confined to a few stations in the extreme west of South Behar and Chutia Nagpur. The southerly and easterly currents were, however, comparatively feeble ones, and they were bringing up only small quantities of moisture into the Province. These conditions continued to hold good throughout the first four days of the week, but on Wednesday, the 3rd, winds became somewhat irregular in direction, and the southerly and easterly currents were not so strongly pronounced. These winds have of course brought up the largest amounts of moisture into East and North Bengal, and into the eastern districts of South-West Bengal, and during the first four or five days of the week rain showers were fairly general over considerable portions of these districts, and in some cases the amounts of rain received were rather large.

One of the most prominent features in the meteorology of the week has been the establishment of moderately strong monsoon winds over the south and centre of the Bay. On Friday, the 5th instant, decidedly strong monsoon winds were blowing at the Ceylon stations, and this advance of the Bay of Bengal monsoon current was accompanied by the setting in of the Bombay branch of the monsoon current on the south-western coast of the Peninsula. The western branch of the monsoon was ushered in by a small but rather feeble storm which reached the south-west coast at the close of the week, and which brought with it the first heavy rain to that coast. So far as the present indications go, the Bay of Bengal current is setting in rather more feebly than usual.

The pressure changes during the week have not been of a very marked character. For the previous week pressure had been uniformly above the normal, and the average excess pressure over the whole Province equalled about 0·11″. On the Saturday pressure decreased rather decidedly, and the excess pressure was reduced to 0·05″, but on the Sunday pressure again commenced to increase, and the excess rose to 0·1″; on the following day a further increase took place, and the excess became 0·12″. On the following three days pressure changes were small, but still with an upward tendency, and the excess pressure became thirteen, fourteen and sixteen hundredths of an inch respectively. On Friday, however, the increasing tendency ceased, and a fall set in, and excess pressure was reduced to 0·13″. The average excess for the week over the whole Province has therefore been 0·12″, and so long as the pressure continues so largely in excess, it does not appear probable that a strong monsoon can set in over the Province.

Temperature has continued decidedly high in most districts throughout the week, but with the occurrence of rainfall the tendency in certain districts has been for it to decrease. In Orissa, East Bengal and South Behar temperatures have not been far removed from the normal, but in South-West Bengal temperature has been 3·5° in excess, in Chutia Nagpur it has been 4·3° in excess, and in North Behar 4·9° in excess.

Rainfall, as has before been explained, has been to a great extent confined to East and North Bengal, and to the eastern districts of South-West Bengal. Showers, however, have also fallen in the western districts of South-West Bengal, in Orissa and in the Sonthal Pergunnahs. In East Bengal almost all stations received rain on two, three, and in some cases on four days in the week, and the average amount recorded was 0·96 inch as against a normal fall of 3·64 inches. In North Bengal the Maldah, Rajshahye and Dinagepur districts have received little or no rain, whilst the Julpigoree, Cooch Behar and Darjeeling districts received comparatively large amounts. The whole area of North Bengal received an average fall of 1·64 inches against the normal fall of 3·23 inches In South-West Bengal the Nuddea, Khoolna, Jessore, and Moorshedabad districts received rain on three and at some stations on four days in the week, and in many cases the rainfall has heavy. The stations in these districts received an average fall of 1·29 inches. Of the western districts of South-West Bengal, Midnapore and Bankoora received practically no rain, and the stations in the western districts generally only averaged 0·24 inch of rain for the week. The normal fall in South-West Bengal for the week is 1·96 inches. In other districts the falls have been of little practical importance. Orissa reports 0·27 inch against an average of 1·8 inches, South Behar reports 0·03 inch against the normal 0·64 inch, Chutia Nagpur reports 0·03 inch against 0·86 inch, while North Behar has received no rain at all.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the Province for the week ending Friday, the 5th of June 1885:—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph and from observations made at 6h, 10h, 16h, and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No 85 formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

The results of observations at the Alipore Observatory are not rigorously comparable with the registers of former years (at the Park-street Observatory). The barometer is about 8 feet higher at Alipore, and, other things being equal, reads therefore ·003 lower. The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about 0·5 higher; and, finally, the thermometer, which furnished the record of temperature at the Surveyor-General's Office during 20 years and upwards, is found to read 0·6 higher than the Kew standard thermometer, which is the standard of reference at the present Observatory.

MEMORANDA.

THE main features in connection with the vital statistics of the principal Municipalities in Bengal for the week ending 23rd May 1885, as gathered from the table appended to this memoranda, are the following :—

1. That births were registered in these Municipalities at the rate of 20·8 per 1,000 of population as opposed to very nearly the same ratio, viz. 21·0 per 1,000 in the preceding week ending 16th May, and deaths at 28·4 against 30·6 per 1,000, indicating a retrogression in death registration.

2. That the highest proportions of births and deaths were returned from the under-mentioned Municipalities :—

Births.

	Ratio per mille.
Bhagulpore	41·6
Naraingunj	37·2
Gya	32·1

Deaths.

	Ratio per mille.
Chittagong	94·0
Burdwan	45·8
Durbhanga	36·9
Suburbs of Calcutta	36·4
Gya	33·5
Patna	32·5
Hughli	32·2
Purneah	31·1
Mozufferpore	30·4
Bhagulpore	29·9

3. That the mortality from the chief death-causes stood as follows :—

	Ratio per mille during weeks ending— 23rd May 1885.	16th May 1885.
Cholera	4·9	6·1
Small-pox	·6	·7
Fever	11·6	12·2
Bowel-complaints	4·1	4·5
Injury	·6	·4
Other causes	6·6	6·7

indicating that, in comparison with the preceding week, there was a noticeable decrease of mortality from cholera, and only fractional differences in that from the other diseases.

4. That of the diseases named above, while small-pox and bowel-complaints were noticeably fatal in only the Dacca and Durbhanga towns at the rates of 2·6 and 14·9 per 1,000 of their population, respectively, and injury proved nowhere very severe, the rest of the diseases caused the highest mortality in the following Municipalities :—

Cholera.

	Ratio per mille.
Chittagong	49·3
Burdwan	29·0
Suburbs of Calcutta ...	10·5
Bhagulpore	5·4
Durbhanga	4·7
Patna	2·9

Fever.

	Ratio per mille.
Chittagong	42·2
Purneah	24·2
Hughli	22·8

Other Causes.

	Ratio per mille.
Poori	18·9
Gya	14·3
Dacca	12·3

showing that, in comparison with the results of the preceding week, the severity of cholera had abated considerably in Burdwan and in the Suburbs of Calcutta, and fever in Purneah ; but that in Chittagong the prevalence of both diseases was very severe.

5. That the mortality referable to *Sex*, *Class* and *Age* stands as indicated below :—

According to Sex.

	Ratio per mille.
Males	29·4
Females	27·3
Ratio of male deaths to every 100 female deaths ...	122

According to Class.

	Ratio per mille.
Christians	43·5
Hindus	27·6
Mahomedans ...	29·6
Budhists	72·6

According to Age.

	Ratio per mille
Under 1 year ...	192·1
1 and under 5 years ...	43·6
5 ,, 10 ,, ...	23·4
10 ,, 15 ,, ...	19·0
15 ,, 20 ,, ...	19·3
20 ,, 30 ,, ...	18·6
30 ,, 40 ,, ...	16·2
40 ,, 50 ,, ...	20·1
50 ,, 60 ,, ...	35·0
60 years and upwards ...	55·6

NOTIFICATION.

The 12th June 1885.—There will be an examination for the Subordinate Executive Service in January 1886 open to all Natives of India who have passed the Entrance Examination of the Calcutta University, or who can produce satisfactory evidence from competent authority of having received a good education up to the standard at least of the Entrance Examination. The term "Natives of India" includes all persons born and domiciled within the dominions of Her Majesty in India of parents habitually resident in India and not established there for temporary purposes only.

2. Certificates of health, respectability, and good moral character will be required from all candidates, without exception or distinction, and no one will be permitted to appear who will have completed his twenty-fifth year before the examination is held.

3. Applications for permission to appear at the examination, accompanied by the necessary certificates (except the health certificate), and a fee of Rs. 10, must be sent, not later than the 1st December next, to the Under-Secretary in the Appointment Department. Applicants who wish to present themselves for examination at the Medical College Hospital should state this fact in their applications, and they will then receive a letter authorizing them to do so on any morning in the week between 8 and 11 o'clock, Sundays excepted. When they have obtained their health certificate, they will forward it to the Under-Secretary in the Appointment Department to be filed with their other certificates.

4. Those candidates who can obtain a certificate from the Civil Surgeon of a mofussil station should forward it, with the other certificates necessary, at the time they apply for permission to appear at the examination. In all cases a fee of Rs. 4 will be charged for a certificate of health.

5. The examination will be held as usual about the middle of January. The exact dates, as well as the number of appointments to be competed for, will be notified hereafter. The subjects will be as follow :—

CEYLON—WEST COAST.

Sunken Rocks between Pantura and Caltura.

THE British Admiralty notifies that the following information, of the existence of certain sunken rocks lying one and half to three miles off shore between Pantura and Caltura, West coast of Ceylon, has been received from the Naval Commander-in-Chief on the East India Station:—

A rock (*Nilkete rock*) with a depth of two fathoms, and on which the wreck of the steam-ship *Justitia* was lying, is situated in latitude 6° 41′ 00″ N., longitude 79° 52′ 50″ E., about 1½ miles from the nearest shore.

A rock, with four fathoms over it, lies W. N. W. from Nilkete rock, distant half a mile. Two small rocks, with depths of three fathoms, lie S. by W. from Nilkete rock, at the distance of about three cables.

A rock (*Kaluwattegala rock*), with a depth of 3½ fathoms, lies about 2½ miles off shore, in latitude 6° 38′ 00″ N., longitude 79° 53′ 15″ E.

A rock (*Veyangala rock*), with 5½ fathoms on it, lies W. N. W. from Kaluwattegala rock, distant about six cables.

NOTE.—Vessels navigating in this locality should use caution and keep outside the 10-fathoms line.

The outer rock off Pantura, shown as one of the Pantura rocks, is named *Gonagala rock*; the rocks in shore of that, are the Pantura rocks.

The bearings are Magnetic.

NOTIFICATION.

The 9th June 1885.—It is notified for general information that the Lieutenant-Governor intends, if no valid objections be raised within one month from this date, to approve of the following draft rules.

Draft Rules for regulating grazing in the reserved forests of Darjeeling.

1. Grazing in the reserved forests of the Darjeeling Forest Division, other than those north of the little Rangit river, is prohibited, except under the following rules and conditions.

2. Permits for grazing will be issued by the Forest Officers in charge of ranges, hereinafter referred to as range officers, for the calendar month, on payment of such fees as may from time to time be fixed by the Conservator of Forests with the sanction of Government. The permits will fix the block or locality in which privilege of grazing may be exercised: such blocks or localities shall be selected by the Divisional Forest Officer with regard to the protection of the forest the convenience of the permit-holder, and the existing orders of Government on the subject, or orders which may in future be issued by Government.

3. He shall not be obliged to allow grazing in any given block to more than one head of cattle to every 10 acres of area, but on the other hand may locate any number of cattle in a block, provided the area available for grazing in that block be five acres per head.

4. Grazing will be reserved for milk cattl[illegible]uired for the supply of milk and butter to the public in Darjeeling, Jellapahar and [illegible] Bungalow, and for a number of draught cattle not exceeding 150 head.

The Divisional Forest Officer will not be bound to provide grazing for any cattle other than the above, but may, with the sanction of the Conservator, allow temporarily a larger number if he considers it can be done with due regard to the interest of the forest.

5. The construction of grazing camps, enclosures, or bathans is prohibited, except on the sites pointed out by the Divisional Forest Officer. Sites for two bathans shall be allowed to each grazier whose permit allows him to graze more than five head of cattle. Should more be required, or a change of site applied for, the question to be decided in case of dispute by the Divisional Forest Officer and Deputy Commissioner.

6. In the cases in which the two bathans allotted to a permit-holder be in two different blocks, he shall not leave one for the other without previous notice to the range officer, and without having the permission of this officer endorsed on the permit.

7. For the construction of, and repairs to, these bathans, permit-holders may utilize such dry fallen wood as may be found in the vicinity, and, with the permission of the range officer, canes and bamboos Should sufficient dry wood not be available, the Divisional Forest Officer, or his subordinate under his orders, may mark and allow to be cut for this purpose trees of the less valuable kinds of smaller girth than 18 inches on pre-payment of annas 4 per tree. No charge will be made for canes, bamboos, or dry wood.

8. The Divisional Forest Officer may prohibit the construction of bathans for draught cattle.

9. The cutting and lopping of trees is prohibited. This rule does not apply to bamboos or creepers.

10. Every grazier occupying a bathan or grazing camp shall be bound to report to the range officer within three days of the occurrence any lopping or damage to trees by cutting instruments which has taken place within 300 yards of his bathan or camp. The first time he fails to report such damage he shall be warned. Should he fail to report such damage a second time, the Divisional Forest Officer may refuse to issue a grazing permit to him, but appeal may be made to the Conservator.

This rule does not apply to trees marked for felling by the range officer with the recognized departmental stamp.

11. Payment for permits for grazing will be made in advance on the first day of the month, and in case of payment not being made by the 10th, double fees may be charged; if not made by the 20th, the cattle may be driven out of the forest, or the defaulters prosecuted under section 25 (*d*) of the Indian Forest Act, and the issue of a permit refused, subject to appeal to the Conservator. Should the Conservator consider it desirable, payments may be made quarterly, but subject to the above provisions as to payment.

12. Buffaloes, goats, and sheep will not be allowed grazing in the forests forming the circles to be worked for the supply of fuel and timber to Darjeeling, Jellapahar, and tea plantations.

13. All permits will be kept at the bathans, and will be produced for inspection whenever called for by any Forest or Police Officer. On the expiry of the term for which a permit is issued, it shall be returned to the office of issue, and a fresh permit may be refused, unless the applicant produces his expiring or expired permit.

14. The range officer shall, after issue of a notice to any holder of a grazing permit, copy of which shall be sent for record to the Divisional Officer, require that on a day fixed, not less than seven days from the date of the notice, he shall have all his cattle within his bathan to allow of their number being checked with his permit. Such inspections shall not be made oftener than four times in the year: they shall ordinarily be held between the hours of 7 and 10 A.M., so as not to cause unnecessary inconvenience to the permit-holder

who may, however, by giving at least two days' notice to the range officer, fix any other hour between 8 A.M. and 6 P.M. of the day appointed by the notice that may be more convenient to himself. Should the permit-holder refuse or neglect to comply with the terms of the notice referred to above, or otherwise hinder the thorough inspection of his cattle, the issue to him of a fresh permit may be refused until he has complied with the requirements of this rule.

The Conservator may exempt by name, class, or locality any person or persons from the requirements of the preceding clause.

Nothing in this rule shall be held to debar any Forest or Police Officer from visiting and inspecting a bathan or cattle shed or pen within the reserved forests, or the cattle grazing in the forest.

15. Any Forest Officer attached to the Darjeeling Forest Division, to whom the range officer is subordinate, may exercise any of the powers conferred on a range officer by these rules.

PORT OFFICE, *Calcutta, the 4th June* 1885.

NOTIFICATION.

The 5th June 1885.—The Lieutenant-Governor directs the extension to the Angul estate, in the Tributary Mehals of Orissa, of the following rules under section 75 (*d*) of, the Indian Forest Act (Act VII of 1878) for the prevention of fires in Forest Reserves which, under the notifications of the 11th December 1880 and of the 3rd December 1881, were applied to the districts of Darjeeling and Julpigoree in the Rajshahye Division, and to the districts of Lohardugga and Hazaribagh in the Chota Nagpore Division, respectively. The season during which these rules will hold good will be from the 1st January to the 1st June in each year.

1. Any person living in the vicinity of a Government Forest Reserve, or occupying or using land in such vicinity, and desirous of clearing by fire any standing forest or grass land near that reserve in a locality from which such fire would be likely to endanger the reserve, shall observe the following rules :—

(1)—He shall give notice of at least one week to the nearest Forest Officer, Ranger, or Forester of his intention.

(2)—He shall clear a belt of land, at least 20 feet broad, on the side of the land he proposes to burn nearest to the forest reserve.

(3)—He shall choose for such burning a day or time when a high wind is not blowing.

(4)—He shall light the fire in a direction contrary to the prevailing wind.

2. Any such person desirous of burning, on land adjoining a forest reserve, wood, grass, or weeds or other cut material, shall collect that material into heaps, and burn it separately in such a way that the fire may not endanger the forest reserve.

3. Any person collecting inflammable forest produce, such as grass and bamboos, on land adjoining a forest reserve, and any holder of a permit to collect such materials from the forest reserve, shall stack the materials so collected in an open space as far removed as possible from the forest.

4. All persons travelling on roads passing through or along the boundary of a forest reserve shall camp only at such places as may be cleared and set apart for the purpose of camping-grounds by the Forest Officer, who shall yearly publish a list of such grounds in the vicinity of the reserve. Camping at other localities than those so set apart is forbidden; and all persons so camping shall light any fires they may make for cooking or other purposes in such a way as not to endanger the forest reserve or the buildings or property on the camping-ground, and they shall, besides, extinguish all such fires before leaving the camping-ground.

5. The carriage of burning wood, firebrands, or torches, through or along the boundary of any reserved forest is prohibited.

These rules will hold good during the season in which fires may be expected to occur, viz. from the 1st January to the 1st June in each year.

RED SEA—COAST OF NUBIA.

Shoals in Northern approaches to Trinkitat Harbour.

WITH reference to Notice to Mariners No. 18 of 28th March 1885, issued by this Department, on the existence of certain shoals lying in the approach to Trinkitat *(Taring-hatah)* harbour from the Northward, Western shore of the Red Sea.

The following information, the result of an examination of the locality, has been received from Commander the Hon'ble F. C. Vereker, H.M.S. *Rambler*, through the British Admiralty, London:—

Sha'b-ul Shubuk.—A reef extending 6 cables in a North and South direction, and 3½ cables wide, having a small sand cay near the centre, forms the S. E. extreme of Sha'b-ul Shubuk; this reef is separated from the main reef by a passage two cables in width; it may be passed on the eastern side at a distance of about 3 cables.

Position of the small sand cay.—Latitude 18° 44′ 40″ N., longitude 37° 44′ 45″ E.

A shoal *(Rambler shoal)* extending 4 cables in a N. N. W. and S. S. E. direction, and 2 cables wide, with a least depth of 3 fathoms over coral, and 4½ fathoms around, lies with the sand cay on the S. E. extreme of Sha'b-ul Shubuk, bearing N. 17° E., distant 1¾ miles.

A circular coral patch *(Fairway patch)* two cables in diameter, and a least depth of 4 fathoms, lies with the sand cay on the S. E. extreme of Sha'b-ul Shubuk, bearing N. 8° W., distant 2¼ miles.

Rás Makdah is marked by the most conspicuous of the low sand hills in the vicinity, a ridge 37 feet high. The point is low, with *three small islets* lying northward of it; shoal ground extends ¾ to 1½ miles of shore. Mersa Makdah is the bight enclosed between the S. E. part of Sha'b-ul Shubuk and Rás Makdah. Anchorage in 8 to 9 fathoms, sand and mud can be found, under the lee of the reef, over the northern portion of the bight, but the southern part is blocked by the shoals extending 1½ miles northward of Rás Makdah.

Trinkitat (Taring-hatah) harbour off the entrance is an extensive coral reef, named Kat' at Kennashah, which is steep-to and always visible. Between this reef and the harbour entrance is a shoal extending, within the 5 fathoms line, 2 cables in a North and South direction and ¾ of a cable in width with a least depth of 3 fathoms. The harbour lies 2 miles S. E. of Rás Makdah. The entrance is not easily distinguished from seaward, the coast being low and sandy. Shoal ground extends 1½ cables S. E. of the north entrance point of the harbour and 3½ cables northward of the south entrance point, narrowing the entrance within the 3 fathoms line to about half a cable. *Two* temporary *beacons* have been erected on the western shore of the harbour, which, kept in line bearing S. 55° W., lead in between the shoals with 24 feet least water. Should the becons be down, a stranger should buoy the entrance before attempting to enter.

Outside the harbour there is good anchorage in 6 to 7 fathoms under shelter of Kat' at Kennashah.

In the vicinity of the harbour the coast is low and barren, consisting of sand hillocks with scattered scrub. A sandy plain, flooded at times, extends for a considerable distance inland.

The bearings are Magnetic.

Shoal off Kumbáru Point.

THE British Admiralty, London, has notified that information has been received from the Superintendent, Marine Survey of India, of the existence of a shoal lying in the fairway of vessels navigating the coast of Kumbáru Point.

This danger *(Shah Jehan Shoal)* consists of *two patches*, having respectively 2½ and 3¼ fathoms at low water spring tides, with a depth of 4½ fathoms between them.

The shoalest patch extends half a mile in a N. W. by N. and S. E. by S. direction, with a breadth of 2 cables, and lies with the following bearings and distance:—

Rájpuri point ... ... N. by E. ¼ E.
Kumbáru point ... ... N. E. by E¼ E., distance one mile.

The other portion of the shoal is a ridge lying about a third of a mile seaward, and is about a mile in length in a direction parallel to the shore.

Position.—Latitude 18° 12′ 35″ N.; longitude 72° 54′ 0″E.

NOTE.—Vessels navigating in the vicinity should keep outside the 5 *fathoms* line.

CHARLES H. TAWNEY, *Offg. Director of Public Instruction.*

THE Calcutta Medical College Session 1884-85 will commence on the 23rd June next Students who may be desirous of commencing their studies are requested to apply to the Principal between the hours of 11 A.M. and 4 P.M. on or before that date.

2. Ten (10) free presentations will then be awarded. These are given to students according to their relative position in the University B.A., B.L., and F.A. Examinations, preference being given to those who have passed the highest examination

3. No person shall be enrolled as matriculated students of the College who has not previously passed the First Arts Examination of the Calcutta University, or some one of the preliminary Arts Examination of the United Kingdom recognized by the British General Medical Council.

4. All matriculated students of the College are required to pay Rs. 15 on entrance, Rs. 30 for the summer session on the 23rd June, and Rs. 30 for the winter session on 1st November of each year.

5. Students who have failed to pass their final examination and who, under the regulations of the University, are required to attend a further course of lectures and of hospital practice before being allowed to present themselves again for examination, will pay for such further course an annual fee of Rs. 45 in two instalments of Rs. 30 and Rs. 15, payable at the beginning of the summer and winter sessions respectively.

6. Any matriculated student of the College may, with the permission of the Principal and the Professors of the subject, attend courses of lectures or departments of hospital practice in addition to the full curriculum for the year, and he shall be entitled to certificates of attendance at such extra lectures, if the Professor is satisfied that he has really studied the subject. The fees payable in advance for such additional courses are the following :—

	Rs.
For a single course of lectures on each subject ...	... 40
For six months' attendance in each department of hospital practice	... 60

7. Any matriculated student who leaves the College before completing his University course with the object of continuing his studies at a Medical School in Europe may receive certificates of attendance at lectures on payment of fees at the rate fixed in the foregoing rule. But in calculating the sum to be so paid, the amount of the fees already paid by him as a regular student, or, in the case of a free student, the amount which would have been paid by him had he been a paying student, shall be deducted.

8. Any person not being a matriculated student of the College who may be desirous of attending any course of lectures or any department of hospital practice may do so with the permission of the Principal and Professor of the subject, on payment, in advance, of fees at the rates fixed in rule 6.

If such student has passed the Entrance Examination of the University, he may receive certificates of attendance at lectures, provided the Professors are satisfied that he has attended the full course of lectures, and has mastered the subjects taught.

A student who has not passed the Entrance Examination will be entitled to no certificates of any kind.

9. College scholarships, prizes, and certificates of Honour are open for competition only to matriculated students of the College Hospital apprentice class and Female Certificate class.

10. No fees are payable by the holders of the Calcutta Medical College scholarships.

The holders of the Doorga Charan Laha and all other scholarships will be required to pay fees as a matriculated student. These scholars may pay their fees in advance, or have their scholarship money deducted till the full amount is received.

11. Any student holding a Medical College scholarship will be permitted to draw the stipend of the said scholarship at any recognized Medical School in the United Kingdom, provided he furnishes from the head of such school a certificate of good conduct and diligent prosecution of his studies.

12. The offices of class assistant, clinical clerk, dressers, &c., can be held only by students whose names are on the rolls of the College.

DISTRICT ROAD FUND.

NOTIFICATION No. 241.

The 13th June 1885.

The following Annual Accounts and Reports of the Road Cess Committees of the districts of Hazaribagh, Lohardugga, Manbhoom and Singbhoom, for the cess year 1883-84, together with the remarks thereon of the Commissioner of Chota Nagpore, are published for general information.

G. F. E. S. NEILL, *Major*, M.S.C.,
Under-Secy. to the Govt. of Bengal, P. W. Dept.

No. 54D —R., dated Hazaribagh, the 2nd January 1885.

From—MAJOR E. G. LILLINGSTON, Chairman, District Road Cess Committee, Hazaribagh,

To—The Commissioner of Chota Nagpore.

I HAVE the honour to submit the following report on the operations of the District Road Fund during the year ending 30th September 1884.

2. The number of meetings held by the Committee during the past cess year was three. There was a sufficient attendance at two of them to form a quorum. One meeting was adjourned as a sufficient number of members to form a quorum did not attend. The attendance of members during the year was irregular and cannot be said to have been satisfactory. Eight of the gentlemen have ceased to be members, they having failed without the permission of the Committee, to attend six consecutive meetings. A revised list of members will shortly be submitted. The particulars regarding the meetings are furnished in the statement given on the margin.

District.	Number of members forming the Committee. Non-official.	Official.	Number required to form a quorum.	Number of meetings held.	Meetings at which there was no quorum.	Average attendance of meetings.	Number of members who did not attend any meeting.	Number of members who attended— One meeting. Non official.	Official.	Two meetings. Non-official.	Official.	Three meetings. Non-official.	Official.	More than three meetings. Non official.	Official.	Percentage of average attendance to whole Committee.
Hazaribagh	17	7	6	3	1	5·6	13	3	4	1	1	1	1	...	...	23·33

3. A summary of the

business transacted at the meetings is given below—

(1.)—Preparation of the Budget-Estimate and determination of the rate of cess for 1884-85.

(2.)—Audit of Annual Accounts and consideration of the Annual Report for 1883-84.

(3.)—Passing of estimates of different works for 1884-85.

(4.)—Distribution of village road grants.

4. No change occurred in the offices of the Chairman and Vice-Chairman during the year under review.

5. *Branch Committee.*—There is only one Branch Committee in the District, namely, at Giridi.

There were six meetings held during the year, and the attendance of the members is reported to have been good.

6. The Road Cess in the district was collected at the maximum rate.

The demand on account of cess on lands and mines during the year was Rs. 45,389 against Rs. 44,170 in the previous year. The increase is mainly due to new valuation of mines during the year, under section 79 of the Act.

7. The total amount recoverable during the year including the arrears of last year, was Rs. 46,663. Out of this amount Rs. 44,905 was collected, leaving an outstanding balance of Rs. 1,758 at close of the year. Besides the collections stated above Rs. 30 was collected as advance for the next year.

8. The out-standing balance at close of the year was much larger than that at the end of the previous year. This is principally due to high prices of food-grains throughout the year, in consequence of insufficient crop during the previous year. The general result of collections during the year was, however, fairly satisfactory, as the percentage of collections was above 96 per cent.

9. *Original works.*—The culverts sanctioned for the Hazaribagh and Chuttra road were all completed during the year. The metalling of the 3rd mile of this road has also been completed and a pucca well constructed on the 23rd mile at Lepo. The earth-work on the Burhee and Gawan road between Burhee and Domchanch, a distance of 25 miles was taken up in the middle of the year as a *quasi* relief work, and about one-fourth of the sanctioned quantity of work completed.

10. *Repairs.*—The existing metalled roads aggregating to about 37 miles are well fitted for wheeled traffic, and the fair-weather roads aggregating to about 260 miles have been maintained and are reported mostly to be open to wheeled traffic. Some of the roads in the Chuttra Division were lately inspected by me, but their present state did not seem to be very satisfactory.

11. It is desirable that the surfaces of the important fair-weather roads should be gravelled gradually as funds are available for the purpose, as gravelled-surfaces stand wear and tear much better than kutcha ones, and their maintenance would, it is reported by the District Engineer, cost much less than the maintenance of ungravelled surfaces. The repairs of the Itkkori and Pudma and the portion of the Gya and Deoghur Pilgrim road from the boundary of the District to Munjhneh and the village road from Jainugur to Murkutcho were taken up as relief works. The Government sanctioned a grant of Rs. 3,000 for these works; this sum was supplemented by transfer of Rs. 2,000 from the village road grants of the Giridi Sub-division.

12. *Village roads.*—Rupees 9,000 was provided in the budget for village roads during the year viz. Rs. 1,000 for original works and Rs. 8,000 for repairs, out of this amount Rs. 6,391 was expended, namely, Rs. 3 405 in the head-quarters sub-division, and Rs 2,986 in the Giridi Sub-division; the works in the head quarters Sub-division were executed under the supervision of the District Engineer, and those in the Giridi Sub-division under the supervision of the Branch Committee. Rupees 2,000 out of the amount allotted for village roads in the sub-division was transferred by the Branch Committee for repairs of the portion of the pilgrim road alluded to in the preceding paragraph.

13. *Trees.*—No new trees were planted during the year; those planted on different roads during the previous years were maintained.

14. *Nursery gardens.*—A small nursery garden is kept up in the office compound only. It contains now only about a 100 mahogany seedlings.

15. *Staging Bungalows.*—The only staging bungalow under the Road-Cess Committee, viz. the Ramghur Dâk Bungalow, yielded a receipt of Rs. 182-8, the cost of its maintenance and repairs aggregated to Rs. 125-5.

16. The works were executed during the year through contractors. The District Engineer reports that want of good and active contractors in this district is much felt. The scarcity of labour is daily increasing. The able bodied men among the labourers are being removed to Assam and other places by the Emigration Agents. The few unskilled cultivators chiefly *Kameahs* left in the district, have to be depended on to do road works when they can conveniently spare time to do so, after finishing their cultivation. I propose to submit a special report on this, as it appears to me that a different arrangement as to the road cess year would be advantageous.

17. *Establishment.*—As before the duties of the Accountant are performed by the head clerk in the Collection Department, with the assistance of the Committees clerk.

18. Mr. A. H. Gantzer, District Engineer, has continued to give satisfaction to the Committee.

19. The establishments under the District Engineer are all reported to have worked well except the late sub-overseer at Giridi.

G. N. MITTER,

Vice-Chairman.

No. 272, dated Ranchee, the 4th March 1885.

From—The Chairman, Road Cess Committe, Lohardugga,

To—The Commissioner of Chota Nagpur.

I HAVE the honour to submit herewith, the Annual Accounts and Report on the working of the Road Cess Act IX (B.C.) of 1880, for the cess year ending the 30th September 1884.

2. The following table shows the number of meetings held at head quarters as well as in the Palamow Sub-division during the year under report, and the total number of official and non-official members who attended at each meeting :—

3. During the year under report, there were six meetings of the District Committee, of which five special and one ordinary, and one ordinary meeting was adjourned for want of quorum. The average attendance was seven against four of the previous years. It will be observed that the attendance of the official and non-official members of the District Committee during the year under report is satisfactory. Out of five official and thirteen non-official, two official and one non-official did not attend any meeting. All who attended showed great interest in the proceedings. Two of the members of the Committee at head-quarters undertook and supervised the repairs of some village roads. Regarding Palamow Branch Road Cess Committee the Assistant Commissioner says nothing, but the figures show that the attendance of members was unsatisfactory.

4. The accounts of the year were duly examined and audited by a Sub-Committee, but occasionally it happened that the senior assistant was the only member present. The audit reports show that everything was found correct and that the cash-book balance agreed with that of the Treasury.

5. The increase in the amount of collection under the head of cess on lands is principally due to the relization of arrears outstanding at the close of the preceding year and to interest on the same. The increase under the head fees, fines and forfeitures is due to the collection of penalties under section 18 of the Act to processes under certificate cases.

6. The cess was levied at the maximum rate. There was no difficulty in collecting it at head-quarters from the Chota Nagpur Estate, but some difficulty was felt in the relization of cesses from the Tea planters. The rate which is levied under section 33 of the Act is in my opinion too high for this District where tea is not a flourishing industry and gardens are mostly worked at a loss. In the Palamow Sub-division the assistant Commissioner says nothing on this point, but from what he told me himself, I have reason to believe that the payment is more punctually made than it used to be. This is due to the facilities afforded by the certificate procedure. The tenure-holders are beginning to see that the recovery by that means is so speedy and certain that it is better to pay up punctually.

7. The Road Cess is by no means unpopular in this district, as the people now understand well that the money is spent for their benefit.

8. *Original works.*—One permanent masonry bridge of one span of 30 feet, and one of one span of 25 feet, were completed during the year under report, and six brick masonry culverts were commenced and completed during the year; a portion of the Himi Diversion line has been finished with earthwork, turfing and temporary bridges, and materials were collected on the Baratpore, Karak and Pakaria bridges. In addition to the above, some expenditure was incurred in making surveys on the Ranchee and Lohardugga, Lohardugga and Chattra, boundary of head-quarters Sub-division to Daltongunge, Daltongunge and Moharajgunge, and Ranchee and Palkote roads.

9. *Plantation.*—The work of tree planting has been extended over five miles of roads. The total length planted out up to end of the year is 70 miles. The trees planted in previous years are thriving.

10. *Repairs.*—Five hundred and two miles of Roads have been thoroughly repaired, the works consisted of filling, cutting, levelling, dressing, sloping bank of streams, turfing slope, repairing and renewing temporary bridges from 3 to 50 feet span, and the fencing over 65 miles of roads has also been repaired.

11. *General remarks.*—Now that the Bengal and Nagpur Railway works have commenced, the question of feeder roads to the Railway will receive my consideration. This matter will form the subject of a separate report. During the year under report I have simply carried on the works which were projected by my predecessor, for both the District Engineer and myself were new to the district and unacquainted with its requirements. Having now inspected nearly all the works in hand, I hope in the course of the present year to be able with the assistance of the District Engineer to do some useful work in the matter of extending and improving the lines of communication throughout the District. Our funds are however quite inadequate to carry out many of the projects I have in view, and for the more important roads such as the road leading from Ranchee to the Railway station of Chandil. I hope we may be able to secure some assistance from Provincial Funds.

One matter to which my attention was drawn during the past year was the insufficient check which we had over the contractors and sub-overseers. I have accordingly laid down rules for a more effectual check which had the approval of Superintending Engineer on his recent visit to this district.

12. *Village roads.*—The greater portion of the amount expended under this head was used for making hill roads passable, renewing gravells about eight village roads were maintained and three newly opened.

13. *Accounts.*—The monthly accounts of the Road Fund and of the District Engineer's office were examined by the Vice-Chairman alone, as it was invariably found difficult in procuring the attendance of two other members to examine the monthly accounts.

14. The local auditor inspected this and the District Engineer's office on the 15th September 1884.

15. The establishment required under the Road Cess Act are—

(*a*) Establishment for collection of revenue.
(*b*) Committee's office establishment.
(*c*) Engineering establishment.

16. The establishment for collection of revenue at head-quarters consists of one head clerk and accountant, one assistant clerk, one mohurir, and one peon. These officers also do the work connected with the Committee's office, for which in this District there is no separate establishment. The establishment under the Palamow Assistant Commissioner consists of one clerk, one mohurir.

The establishments have on the whole worked satisfactorily during the year. I would particularly mention Babu Nund Lal Chatterjee, Accountant, who from his intimate knowledge of Public Works accounts and business habits has afforded me great assistance.

17. Mr. W. V. Naidu, continued to serve as District Engineer up to 8th April 1884. The Sub-overseer, Baboo Surbeswar Singh was put in charge of the District Engineer's office, with an allowance of Rs. 93-5-4 per month, in addition to his permanent pay, and since then Baboo Jogindro Nath Ghose has been appointed as District Engineer, *vide* Bengal Government Public Works Department's letter No. 1750E., dated 21st May 1884, received with Commissioner's memorandum No. 57D.R., dated 31st May 1884; he took charge of his office from Sub-overseer Baboo Sarbeswar Singh on the 31st May 1884.

18. Shortly after I took charge of the district, Mr. Naidu was transferred, and therefore I had no personal knowledge of him on his work, but my predecessor held the highest opinion of him.

Baboo Jogindro Nath Ghose, our present District Engineer, has given me every satisfaction in the performance of his duties. He has a good knowledge of his work and works hard and conscientiously to get good work done, and to see that those under him work properly.

Three sub-overseers.
One clerk.
One peon.

19. The establishment noted in the margin, was employed under the District Engineer, and that of the Branch Committee.

Baboo Sarbeshwar Singh, Sub-overseer, joined the district on the 7th April 1884, and was confirmed in the appointment on the 15th July 1884. His conduct has been far from satisfactory, and I have grave doubts as to his honesty and sobriety. I am keeping a close supervision over him, and if he continues to give trouble, his conduct will be brought to the notice of the Committee.

Sarafat Ali, Sub-overseer, has not given me any cause for complaint. I have not seen much of him, but the Chairman of the Branch Committee speaks well of him. Baboo Aroon Chandra Dutt, Sub-overseer, has been employed under the Branch Committee. The District Engineer, and Chairman of the Branch Committee, both state that he has worked well and intelligently.

20. The roads and bridges and culverts mentioned in the budget estimate for 1884-85 (sanctioned by Government), are the works proposed to be taken in hands during the ensuing year 1884-85.

21. The works have all been executed by contract during the year under report, and the small sums advanced to the contractors have been adjusted within the year, except in a few disputed cases.

Annual Report of the District Road Cess Committee of Manbhoom for the cess year 1883-84.

1. *Working of the Act.*—The total demand on account of the year 1883-84 for road cess was Rs. 31,359, the amount of arrears outstanding from the previous year was Rs. 1,774; the gross total demand being thus Rs. 33,133. The whole of this amount with the exception of Rs. 2,295 was realized within the year, together with Rs. 37 on account of future quarters, and Rs. 37 remitted by order of the Board of Revenue. The demand on account of interest for the year was Rs. 283-8-0, the arrears outstanding under this head from last year, amounted to Rs. 5, the whole of these amounts, with the exception of Rs. 16, were realized, and Rs. 3-8 remitted during the year.

The revision of the last revaluation is still in progress.

2. *The Working of the Committee.*—A meeting was convened regularly every month, and there was no meeting without a quorum. The usual abstract giving details of the attendance of members is furnished in appendix A.

The following is a summary of the work done by the Committee:—

(1).—Revising the budget estimate of receipts and expenditure for the cess year 1883-84, owing to inaccurate revaluation rates having been made and collected in 1882-83. The same being submitted to the Commissioner of the Division for sanction, after providing for the revision of the revalution, and for reduction of expenditure.

(2).—Recommending the reappointment of Dr. H. W. Hill, Civil Surgeon of Manbhoom, as Vice-Chairman, under section 129 of the Bengal Cess Act (IX of 1880).

(3).—Passing on estimate of cost amounting to Rs. 700 already provided for in the budget, for cost of looking after the existing trees on the station roads, and completing and maintaning during the current year the nursery at Purulia.

(4).—Passing of the Annual Accounts and Report for cess year 1882-83, and nominating members to fill up existing vacancies in the Committee.

(5).—Discussion over District Engineer's letter No. 17, dated 12th February 1884, on the subject of the proposed increase to his salary, already being provided for in the budget, but disallowed by Government on account of percentage cost of establishment, and authorizing Chairman to take necessary steps in the matter.

(6).—Passing a supplementary estimate amounting to Rs. 134 for repairing one of the Inspection Bunglows damaged by a late heavy gale.

(7).—Discussion over Commissioner's letter No. 54R.C., dated 26th May last, covering Board's No. 243A. of the 16th idem, on the subject of the services of the Deputy Collector in charge of the cess valaution operations of the Manbhoom district, not being placed at the entire disposal of the District Road Committee, to which Circular order No. 4 of August 1883 applies, his salary is consequently debitable to Government.

(8).—Passing of the budget estimate of receipts and expenditure for cess year 1884-85, and discussion over the Examiner of Local Account's note, dated 24th June 1884, on the examination of the Committee's accounts made by the Local Auditors, &c.

3. *Branch Committees.*—None in this district; maintenance of village and other roads in the Govindpore Sub-division being under the management of the Sub-divisional Officer, who draws cheques against allotments made in the budget annually.

4. *Working establishment.*—No changes.

5. *Works done during the year.*—In appendix B will be found abstract of all works done during the year under report and their respective cost.

(*a*).—*Sudder Sub-division.*—There was no provision made for original works; the works were chiefly restricted to the maintenance of the unfinished roads in the district. Portions of the Purulia-Bancoora, Purulia-Chyebassa, Roghunathpore-Raniguuj, Roghunathpore-Bancoora, Jhapra-Govindpore and the Charrah branch roads, were improved by gravelling in muddy places. The roads from Purulia towards Koilapal *viâ* Burrabazar, from Roghunathpore towards Hazaribagh; from Purulia to Chass, and from Manbazar towards Bancoora were also taken up and generally repaired to make them fit for wheeled traffic. Some cheap stone culverts were constructed on most of them.

(*b*).—*Village roads.*—Several of these were repaired and improved by constructing rough stone and wooden culverts, and a portion of the new line from Jargo to Torang was constructed.

(*c*).—The cart-serais constructed in previous years were kept in repair, and a new one was constructed at Doobra during the year under review.

(*d*).—The Nursery started for young plants at Purulia during 1882-83, was maintained in good order. A large number of trees will be fit for transplanting during next rains. It was provided to sink a well within the nursery, but as in the course of excavation a thick stratum of hard rock was found, and as this was difficult to be removed before the late rains the completion of the well has been postponed. The amount provided in last year's budget for this was thus saved. The work will be taken up during the current year.

(*e*).—*In the Govindpore Sub-division.*—The existing roads were maintained in fair order, and the village roads from Govindpore to Nagarkiaree, and Rajgunj to Nowagarh *viâ* Katras were extended as far as funds permitted. These two lines will be completed this year.

(*f*).—A very fair improvement was made in the road from Govindpore to Tundi, by completing the portion which runs across a very rugged country. For all practical purposes the line is now fit for cart-traffic, the whole length from Govindpore to Tundi.

(*g*).—The serais in the Sub-division were maintained in decent order, and some of them were improved by regravelling compounds, &c.

Explanatory Note.

THE excess expenditure in repair works and in petty construction and repairs is simply nominal. The budget allotments are only for the year under report, whereas the expenditure includes payments made during the year on account of works done in the previous year.

2. There is only one instance, however, "Maintenance of the third and fourth sections of the Jhalpra and Govindpore road," in which the difference is owing to the inclusion of sum of Rs. 950 which was paid within the year, being the amount subscribed by the District Road Cess Committee for the completion of the Govindpore "lake." There being no separate head under which the amount could be entered, and the embankment of the lake forming part of the road, the amount was entered along with the road maintenance.

3. The excess of Rs. 2-12-10 under head "Tools and plant" was on account of some petty local manufacture of kodalies in the Govindpore sub-division. This trifling excess, however, has been covered by savings in other heads.

4. The expenditure in excess under head of Stationery and Printing is owing to cost of printed forms for revision of late revaluation, which has been covered by saving from the pay of the Deputy Collector, which was provided for in the budget estimate.

H. W. HILL, *Vice-Chairman,*
District Road Cess Committee.

Form of Audit Certificate.

WE hereby certify that the books and accounts specified below,* prescribed for the Road Cess Office and for the office of the District Engineer, are duly kept up, and that they have been posted for the year 1883-84, and they have been duly scrutinized by the Sub-Committee.

Also that the Treasury Officer's abstract of the account of the Committee for the year has been duly received and checked with the cash and pass books, and found to agree therewith.

That the vouchers for the payments of the year have been cancelled. That all necessary steps have been taken for the recovery or adjustment of outstanding advances, that none but duly sanctioned expenditure has been incurred, and that in the case of original works the register of monthly expenditure shows clearly the amount of sanctioned estimate, the grant for the year, and the expenditure on each work to end of the year, and generally that the work of the office has been performed with carefulness and regularity and with a due observance of the rules prescribed by Government.

Dated Chyebassa, the 28th December 1884.

From—N. E. L. GODARD, ESQ., District Engineer, Singbhoom,
To—The Deputy Commissioner, Singbhoom.

WITH advertence to order of Government in the Public Works Department, I have the honour to report on work executed on the district roads during the cess year ended the 30th September 1884, with a brief sketch of what is proposed to be done during the cess year 1884-85, ending 30th September 1885.

No. 1, Midnapore road, 71 miles.—Substantial repairs have been executed to 10 miles of this line, and surface repairs to the remaining length. One timber platform culvert between mile 36-37 has been replaced by an arched masonry one, and four have been repaired; the one mile of kunkur metalling near the station has been removed and repaired according to requirements. During the cess year 1884-85 it is proposed to repair the line according to requirements, and the two timber platform bridges at Govindpur and Khakro, which could not be undertaken during 1883-84 for want of funds.

No. 2, Bairagora road, 21 miles.—Thorough repairs have been executed to three miles of this road, and the remaining length has been repaired according to requirements, together with three wooden culverts. During the cess year 1884-85 it is proposed to repair the line and culverts as required, and executed thorough repairs to four miles.

No. 3, Burrakur road, 29 miles.—Substantial repairs have been executed to 14 miles of this line, and surface repairs to the remaining length: the two miles of kunkur metalling near the station have been renewed and repaired wherever necessary. During the cess year 1884-85 it is proposed to repair the line according to requirements, to arch the timber platform bridge at Tangrani, and metal two miles of road in sandy soil near the Raro river.

No. 4, Khursona road, 16 miles.—Thorough repairs have been executed to seven miles of this line, and petty repairs have been executed to the remaining length. One timber platform culvert has also been repaired. During the cess year 1884-85 it is proposed to repair the line according to requirements, together with the wooden culverts thereon.

No. 5, Bandgaon road, 44 miles.—Thorough repairs have been executed to six miles of this road, and surface repairs to the rest: the passes of Milepee and Noada have been repaired and improved: five wooden culverts have been renewed, and seven timber platforms repaired. During the cess year 1884-85 it is proposed to repair the line and staging bungalow at Bandgaon according to requirements.

No. 22, Chakulia road, 20 miles.—Thorough repairs have been executed to two miles of this line, and surface repairs to the remaining length. During the cess year 1884-85 it is proposed to eexcute repairs according to requirements and thoroughly repair two miles of road.

No. 23 Goodri road.—Thorough repairs have been executed to seven miles, and the remainder according to requirements. During the cess year 1884-85 it is proposed to execute surface repairs according to requirements, to renew two miles of road, and repair the wooden culverts wherever required.

Petty repairs have been executed to the roads noted below, and it is proposed to do the same during the cess year 1884-85.

No. 6, Gurjun road.—Eleven wooden culverts repaired.

No. 7, Jyutgurh road.—Five wooden culverts repaired.

No. 8, Bamanghatti.—Eleven cutcha rubble masonry culverts constructed.

Nos. 10 to 21, Villages roads.—Five wooden culverts repaired and two rubble ones constructed.

C. H. GARBETT, *Major,*
Deputy Commissioner of Singbhoom.

No. 13D.R., dated Ranchi, the 17th April 1885.

From—C. C. STEVENS, ESQ., Offg. Commissioner of Chota Nagpore,
To—The Secretary to the Govt. of Bengal, Public Works Dept.

I HAVE the honour to forward, in original, the accounts and reports of the several District Road Committees in this division for the cess year 1883-84.

2. The dates on which the several reports and accounts reached my office are as follows:—

Hazaribagh	... 5th January 1885.	Manbhoom	... 25th December 1884.
Lohardugga	... 8th March 1885.	Singbhoom	.. 20th January 1885.

3. It was necessary to return the accounts of the Singbhoom district for revision, and they were received back only on the 11th instant.

4. The Cess Act IX (B.C.) of 1880 was completely in force in three districts of this division, viz. Hazaribagh, Lohardugga, and Manbhoom. It was introduced into pergunnah Dhalbhoom, a portion of the district of Singbhoom, from the commencement of the past cess year.

5. The valuation operations in pergunnah Dhalbhoom, in the Singbhoom district, have been reported as concluded, but the completion report has not yet been received in this office. A sum of Rs. 10,000 was assigned to this district under Government order No. 871T.—F., dated 15th May 1884, as grant-in-aid for the maintenance of the district roads.

6. In the other three districts the road cess was levied at the maximum rate during the year under report.

7. The subjoined statement shows the number of members constituting the Road Cess Committees in each district, and their attendance at the meetings of the Committees during the year under review.

DISTRICT.	NUMBER OF MEMBERS FORMING COMMITTEE.		Number required to form a quorum.	Number of meetings held.	Number at which there was no quorum.	Average attendance at meetings.	Number of members who did not attend any meeting.	NUMBER OF MEMBERS WHO ATTENDED ONLY—												Percentage of average attendance to whole Committee.
								ONE MEETING.		TWO MEETINGS.		THREE MEETINGS.		FOUR MEETINGS.		FIVE MEETINGS.		SIX MEETINGS.		
	Official.	Non-official.						Official.	Non-official.	Official.	Non-official.	Official.	Non-official.	Official.	Non-official.	Official.	Non-official.	Official.	Non-official.	
Hazaribagh	7	17	6	3	1	5·6	13	3	4	1	1	1	1	...	...	...	....	...	...	23·83
Lohardugga	5	13	6	6	1	7·	3	2	8	2	7	1	6	2	4	2	4	2	1	38·88
Palamow	3	12	5	5	1	5·4	6	1	4	1	5	3	4	2	3	2	2	...	...	16·3
Manbhoom	6	11	4	12	1	6·	..	2	2	1	3	...		Not given in the district report.						35·2
Singhbhoom	4	11	5	2	..	8·2	4	3	7	2	5	...	...	...	...	...	...	...	...	56

8. In Hazaribagh the number of meetings was three. There was a sufficient attendance at only two of them to form a quorum, as the majority of the members attended no meeting at all. These facts appear to indicate that the committees generally do not take sufficient interest in their work. There is a branch committee in the district at Giridih. It held six meetings during the year under report. The attendance of its members is reported to have been good.

9. In Lohardugga there were six meetings during the year, and the average attendance of members was satisfactory, being seven against four of the previous year. All the members who attended the meetings are said to have shown great interest in the proceedings. Two members of the head-quarter's committee supervised village road works. Regarding the Palamow Branch Committee, the Assistant Commissioner says nothing, but the figures in the above statement show that the attendance of members was by no means all that could be desired.

10. In Manbhoom a meeting was convened regularly every month, and on every occasion there was a quorum. There is no branch committee in the Govindpore sub-division. The roads in that sub-division are supervised by the sub-divisional officer, and the payments to contractors are made by cheques drawn by him on the sub-treasury. This practice was objected to by the Examiner of Local Fund Accounts in his last inspection. A separate communication has been addressed to Government in the Financial Department containing proposals for the formation of a branch committee in the sub-division, but no orders have yet been received on the subject. In Singbhoom the committee held only two meetings. The average attendance at each was 8·5.

11. The statement below shows the arrear and current demands, as well as the percentage of collections on the current demand of the three cess-paying districts of this division during the year under review :—

DISTRICTS.	DEMANDS.		COLLECTIONS.		Total demands.	Total collections.	Percentage of collection on current demand.
	Arrear.	Current.	Arrear.	Current.			
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	
Hazaribagh	1,274	45,389	1,252	43,610	46,663	44,862	96·10
Lohardugga	1,221	51,449	1,221	50,803	52,670	52,024	98·70
Manbhoom	1,774	28,230	1,756	22,763	30,004	24,458	81·70
Total	4,269	1,25,068	4,228	1,17,176	1,29,337	1,21,404	94·0

It will be seen from the above statement that the total collections amounted to Rs. 1,21,404, or 94·0 per cent. on total demand (Rs. 1,29,337) against 98·6 per cent. of the previous year. The decrease is due to the short collections of current demand in Manbhoom, in which district the total percentage fell from 93·4 in the previous year to 81·7 in the year under report. In Hazaribagh and Lohardugga the collections exceeded 95 per cent. on the total demand.

12. The subjoined statement shows the percentage of the total cost of all establishments, including contingencies, on the total of the actual receipts of the District Road Fund in the cess districts of this division :—

DISTRICTS.	ACTUAL RECEIPTS OF THE YEAR.				Total cost of establishment, including contingencies.	Percentage cost of establishment on total demand.
	Cess on lands.	Cess on mines.	Miscellaneous receipts.	Total.		
	Rs.	Rs.	Rs.	Rs.	Rs.	
Hazaribagh	41,869	3,022	5,291	50,182	11,312	22·54
Lohardugga	52,018	6	3,245	55,267	12,2[illegible]7	22·23
Manbhoom	23,451	1,327	4,698	30,476	9,233	30·4

The above statement shows the percentage cost of all sorts of establishments on the total receipts. It was highest in Manbhoom. This is mainly attributed to the entertainment of a special establishment for revising revaluation assessments. In Hazaribagh and Lohardugga it was below the fixed percentage (25) allowed by law.

13. The following table shows the total funds at the disposal of the several District Road Committees, including the balance of the previous year, with the percentage cost of different establishments:—

DISTRICT.	Total income of the year.	Total cost of establishment.	Percentage of cost on income.	Total revenue under the Cess Act.	Cost of establishment and contingencies of office of collection.	Percentage.	Expenditure on work.	Cost of establishment on work.	Percentage cost of establishment on expenditure on work.
	Rs.	Rs.		Rs.	Rs.		Rs.	Rs.	
Hazaribagh	52,710	11,312	21·4	45,380	1,847	4·5	36,043	7,202	19·99
Lohardugga	73,449	12,287	16·72	51,180	2,611	5·1	50,618	7,651	15·11
Manbhoom	36,969	9,293	25·11	31,339	2,632	8·9	18,147	4,475	24·65
Singbhoom	18,566	1,810	9·7	.. ...	......	... ..	12,332	1,516	12·29

The percentage of cost of all establishments on total income ranged from 25·11 in Manbhoom to 9·7 in Singbhoom, and that of cost of establishment of office of collections from 8·9 in Manbhoom to Hazaribagh. The percentage of establishment on works to expenditure thereon was from 24·65 in Manbhoom to 12·29 in Singbhoom. In all cases the highest rate of charges was in Manbhoom.

14. *Original works.*—In Hazaribagh the original works consisted of the completion of certain culverts and metalling of the third mile of the Hazaribagh and Chattra road, the construction of a pucca well at Lepo and of earthwork (partly finished) on the Burli and Gawan road, which was taken in hand as a quasi-relief work. The total allotment under the head of Original works in the budget estimate of this district was Rs. 9,200, but the total expenditure amounted to Rs. 10,925. The excess is due to the expenditure on the Hazaribagh-Chattra road having exceeded the original estimate.

15. In Lohardugga two permanent masonry bridges of 30 and 25 feet span respectively, and six brick masonry culverts were completed during the year under review. A portion of the Hiua diversion line has been finished with earthwork, turfing and temporary bridges, and materials were collected on the Bharatpore, Karak and Pokoria bridges. In addition to the above, some expenditure was incurred in making a survey of five roads. A sum of Rs. 14,419 was provided under this head in the budget estimate of this district, but only Rs. 8,686 was spent, the residue Rs. 5,733 having been transferred to the head of Repairs.

16. In Manbhoom no provision was made for original works during the year under report, but Rs. 381 was expended in constructing a well at the Kohu cart serai.

17. In Singbhoom a sum of Rs. 798 was spent in constructing one culvert of two feet span on the Midnapore road, and in metalling two miles of the Burrakur road.

18. *Repairs.*—In Hazaribagh the repairs of the Itkhori and Pudwa road, and the portion of the Gya-Deoghur pilgrim road from the boundary of the district to Munjhniah, and the village road from Jainuggur to Murkucha, were taken up as relief works, Government having sanctioned a grant of Rs. 3,000, which was supplemented by a transfer of Rs. 2,000 from the grant for village roads in the Giridih sub-division. Roads Nos. 1, 2, 4 to 11, 13, 20, 21, 23 to 27 were also maintained. The total budget allotment under this head, inclusive of tree-planting, inspection bungalows, and village roads was Rs. 25,573, of which Rs. 25,117 was expended. The Deputy Commissioner considers it desirable that the important fair-weather roads, which undergo considerable wear and tear, should be gravelled gradually as funds permitted, as this would eventually greatly diminish the cost of their maintenance.

19. In Lohardugga under this head about 502 miles of different roads have been thoroughly repaired. The work, as stated in the Deputy Commissioner's report, consisted of filling, cutting, levelling, dressing, sloping bank of streams, turfing slopes, repairing and renewing temporary bridges from 3 to 50 feet span, and repairing the fencing of over 65 miles of roads. A sum of Rs. 36,228 was originally provided under this head; but Rs. 5,733 was subsequently received by transfer from original work, and Rs. 600 from collection establishments. Of the total, Rs. 42,561, nearly the whole amount was spent.

20. In Manbhoom the works were chiefly restricted to the maintenance of unfinished roads in the district. A sum of Rs. 17,220 was allotted in the budget, but Rs. 17,764 was actually expended. The excess in the expenditure is said to be due to payments made during the past year on account of work done in the previous one.

21. In Singbhoom substantial and thorough repairs of 49 miles of different roads have been executed. Surface repairs have also been done according to requirements. One timber platform culvert has been replaced by one with an arch of masonry, and a number of wooden culverts have been renewed and repaired as found necessary. Under this head a sum of Rs. 6,930 was provided in the budget estimate, but Rs. 11,333 has been spent during the year under report. The Deputy Commissioner has been asked to report the

authority under which the actual expenditure in his district has been allowed to exceed the provision made in the sanctioned budget.

22. *Village roads.*—The statement below shows the amount estimated and spent on village roads in the districts of this division during the year under review, together with the percentage of actual expenditure on total estimates, as well as on the total expenditure on all works.

District.	Estimated amount of expenditure on village roads.	Actual expenditure on village roads.	Total amount spent on all works.	Percentage of actual expenditure on total estimates.	Percentage of expenditure on village roads on total amount spent on all works.
	Rs.	Rs.	Rs.		
Hazaribagh ...	9,000	6,391	36,013	71·0	17 7
Lohardugga	2,980	3,809	50,618	127·8	7·3
Manbhoom	2,300	1,693	18,147	73·6	9·3
Singbhoom	510	150	12,332	21·4	1·2

23. Out of Rs. 9,000 provided in the budget estimate of the Hazaribagh district (for original works Rs. 1,000 and repairs Rs. 8,000), Rs. 6,391 was spent, viz. Rs. 3,405 in the head quarter's sub-division and Rs. 2,986 in the Giridih sub-division. The work in the former was supervised by the District Engineer, and in the latter by the Branch Committee A sum of Rs. 2,000 was transferred from this head for the repair of a portion of the pilgrim road referred to in the concluding portion of paragraph 18.

24. A sum of Rs. 2,980 was provided in the Lohardugga budget under this head Rs. 3,809 was spent in making hill roads passable, renewing gravel, and maintaining eight village roads. Three new village roads were also started.

25. In Manbhoom Rs. 2,300 was provided under this head, of which Rs. 1,693 was spent in repairing and improving village roads by constructing rough stone and wooden culverts. A portion of the new line from Jago to Torang was also constructed.

26. In Singbhoom, out of Rs. 510 provided in the budget, a sum of Rs. 150 was spent in the construction of two rubble stone culverts and in repairing five wooden culverts.

27. No trees were planted during the year in the Hazaribagh district: those planted on different lines during the previous years were maintained.

28. In the district of Lohardugga trees have been planted along five miles of road. The total length planted out up to the end of the year under report was 70 miles. The trees planted in previous years are all reported to be thriving.

29. In Manbhoom the nursery for young plants, established at Purulia in 1882-83, was maintained in good order. It is expected that a large number of trees will be fit for transplanting during the rains. The sinking of a well in the nursery was commenced in the last year, but the work had to be postponed on account of the rains. It will be again taken up during the current year.

30. In Singbhoom about 1,432 mangoe and jack fruit seedlings were planted and fenced in, and 2,241 fences, enclosing young plants, were repaired on the roadsides during the year under report.

31. All the establishments entertained in the districts of this division against the several heads, with a few exceptions, are reported to have worked well on the whole during the past year. The Chairman of the Lohardugga Committee notices with special commendation the work done by the present District Engineer, Baboo Jogendra Nath Ghosh, and Accountant, Baboo Nund Lall Chatterjee

In future the dimensions of parcels sent to the United Kingdom only, whether sent through the British Post Office or through the P. & O. Company, will be the same as in England, viz. not exceeding 6 feet in girth and length combined, or 3½ feet in length. The minimum size of a parcel will continue to be 3 × 2 × 2 inches.*

*NOTE.—The previous dimension of 2 feet × 1 foot × 1 foot gives a total of girth and length combined of 6 feet.

Route.

4. For the present both classes of parcels will still be forwarded by sea to London.

Rates of postage.

5. The rates on all classes of foreign parcels remain unchanged, viz. 8 annas per lb or fraction of a lb in India, and 1 shilling per lb in England. Parcels posted in India must be prepaid in cash. Light parcels posted in England must be prepaid, but heavy parcels from that country can be sent unpaid.

Light parcels posted in the United Kingdom for India.

6. Similarly, from the 1st July 1885, parcels not exceeding 7lb in weight will be received at any Post Office in the United Kingdom for transmission to India, if presented with a declaration in the prescribed form, copies of which can be obtained at any Post Office.

Heavy parcels posted in the United Kingdom for India.

7. Parcels exceeding 7lb must, as before, be sent to the Indian Parcel Post Office, 122, Leadenhall Street, or 25, Cockspur Street, London, with a letter of advice giving name and address of the parcels and value and contents.

Form of Custom House declaration prescribed for use in India.

8. All parcels posted in India for the United Kingdom, whether light or heavy, must, in future, be presented at the window, accompanied by a Custom House declaration, filled in upon one of the prescribed forms which will be supplied gratis at every Post Office. *The special attention of the public is invited to this provision.*
